LIKED FIRST RECORD BOOK

Let me congratulate the editors of BOWLING Magazine on their first annual record book which I was able to get a hold of at your big ABC tournament in St. Paul. For many years I have wondered why someone didn't publish such a book. I hope that someday you will be able to expand it so that it can be a book by itself, or perhaps you could just publish a supplement that would only include the record book section. In the meantime I would like a three year subscription to your magazine, the record book alone is worth the price.

Harold Baily
Chicago, Ill.

•

WANTS WHO'S WHO

Your first annual record book published as the tournament program in St. Paul was a dandy. It was a long time coming, but was worth the wait. Now there is one more thing I would like to know; why doesn't somebody start work on a "Who's Who in Bowling." They have them for almost everything else and I think it would be a great thing if there was somewhere a person could turn to find the top bowlers and their accomplishments.

William Thompson
Detroit, Mich.

As just about everyone knows by now, this issue of BOWLING Magazine contains the first "Who's Who of Bowling." It has been many years in the making and the editors will continue to add to it as past records can be found. We hope you will pardon us for holding your letter until this issue.

•

SPLIT RECORD

A bunch of us bowlers were sitting around after our league bowled recently and we wondered if there are any records kept as to the most splits in one game. We had a fellow get seven and thought it might be a record.

Jack Campbell
Cleveland, O.

Seven does not qualify as a record. The mark is held by Leonard Sisson of Long Beach, Calif., with 11. All these records can be found in the record book section of this magazine.

•

STAR STORIES

For three years now I have been reading your "star" stories. I think they are the greatest thing in bowling, the only trouble is there should be more than one each issue.

Henry James
New York, N.Y.

We run only one "star" story each month so you will continue to look forward to them. We have not run one this month as this issue is devoted to the ABC tournament.

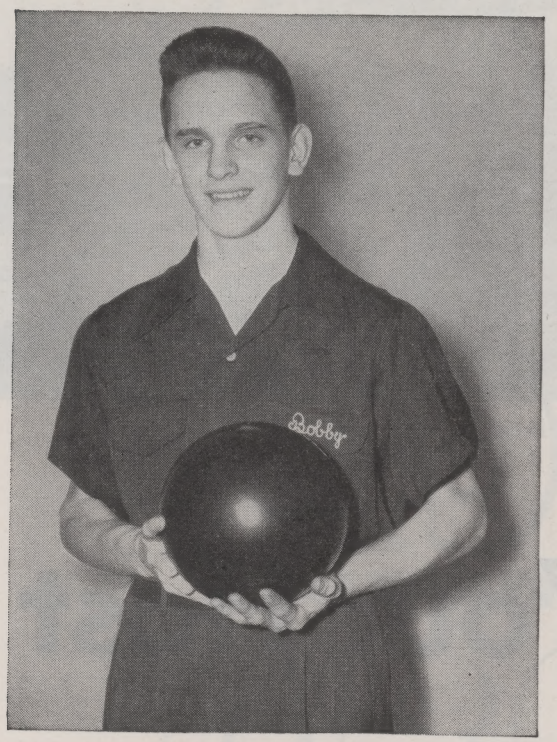
13-YEAR-OLD BOWLER ROLLS 704, AVERAGES 193 IN LEAGUE PLAY

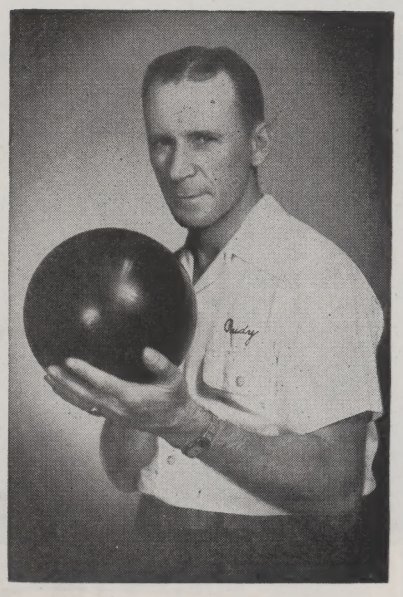


Making big news in Cleveland, Ohio, is 13-year-old Bobby Golem, a junior high school student.

Bobby recently fired games of 246-226-232 for a 704 total in sanctioned league play!

In a practice session, he racked up an 848 series on games of 280-299-269.

His league average is 193. Bobby, who stands 5 ft. 6½ in. and weighs 124 pounds, rolls a 16-lb. Manhattan ball of more live rubber.



WINS CINCINNATI MATCH-GAME TITLE

Leading the field from start to finish, Rudy Fassl won the Cincinnati Match-Game Championship when he averaged 207-plus in 24 games across 48 lanes. "Can't miss with Manhattan Rubber," says Rudy.

The Beautiful Milwaukee Lake Front

Milwaukee, Your Host

Visitors to the 1952 American Bowling Congress tournament in Milwaukee will find a quaint city noted for its friendliness and goodfellowship.

It is a city with character and stability. It is a city of many moods and interests and has a charm and personality that is refreshing and unusual among larger cities.

It is difficult to imagine that less than one hundred years ago Milwaukee was a primitive Indian village and fur trading post. But from its pioneer days, the Milwaukee of today has preserved its richest heritage—natural beauty.

Nestled against the blue waters of Lake Michigan, the founding fathers had the foresight to develop the expansive lake front into one of the most beautiful parkways in the world. The city has more than 6,000 acres in public play areas.

The business district remains a part of "old Milwaukee." There are a few modern structures that have crept up between the old, and beetle-browed buildings of the past, but they are in the minority for the old seems to have lived on into a new era in Milwaukee.

Almost in the very heart of the business district is the sidewalk campus of Marquette university, the second largest institution of learning in Wisconsin. Latecomers to the tournament will have the opportunity to see the famous Central Collegiate Conference Track and Field championships conducted at Marquette Stadium June 7. Top performers from every section of the country annually participate in this meet.

To the visitor the breweries are the most popular places on the sightseeing tours. Each of the major makers of the popular refresher conduct daily tours through their respective plants with the final stop coming at the brew house where their famous products are dispensed to one and all.

With a population of 650,000, Milwaukee remains America's biggest little city. Once the sun goes down, the business district brightens with the glisten of glaring neon lights that flash out the welcome for those in search of fun and excitement. But only a few blocks away the big city will be sleeping at 10:30. Or perhaps the family will be engaged in a friendly game of "sheeps head" or pinochle at one of the thousands of neighborhood taverns that dot Milwaukee residential areas.

For recreation Milwaukeeans look to the outdoors in the summer but as soon as the autumn leaves start to turn the crash of ball against pin becomes the predominate activity.

Last year there were 7700 sanctioned bowling teams in the city.

The annual city tournament attracted 2215 alone last year. This bowling enthusiasm in Milwaukee is spearheaded by the work of Clarence Jonen, city secretary and American Bowling Congress Executive Director.

But this is just a quick glimpse of Milwaukee, those who come to the tournament will find it far finer than words can express.

The Blatz Brewing Company will award

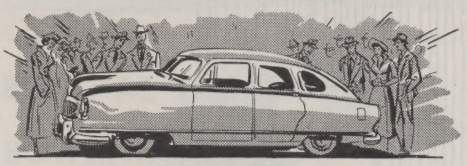
$10,000 IN PRIZES

to outstanding competitors in the

49th annual A.B.C. tournament

The brewers of Blatz, Milwaukee's finest beer, are proud indeed that the American Bowling Congress has selected Milwaukee as the site of the 49th annual A.B.C. Tournament. To show our appreciation, we're awarding $10,000 in prizes for tournament competitors. We hope you'll be there bowling and winning... or watching and enjoying Milwaukee's *finest* beer.

GRAND PRIZE!



A beautiful 1952 Nash will be awarded to the man bowling the highest individual game score during the course of the tournament. Play-offs will be arranged in the event of a tie, with the best individual game in a 5 game match winning the prize.

25 SILVER DOLLARS

25 silver dollars will be awarded by Blatz for the high individual score on each squad of 40 teams.

25 SILVER DOLLARS

25 silver dollars will be awarded for high score on days when singles and doubles are bowled, one prize per day.

Hank Marino

"BOWLER OF THE HALF CENTURY"

says:

"The Blatz people want all the A.B.C. players and spectators, along with their family and friends, to take a guest tour through Blatz. There'll be a special bus running to the brewery from the Arena, so be sure to drop by and enjoy Blatz. It's Milwaukee's *finest* beer. I'm from Milwaukee, I ought to know."

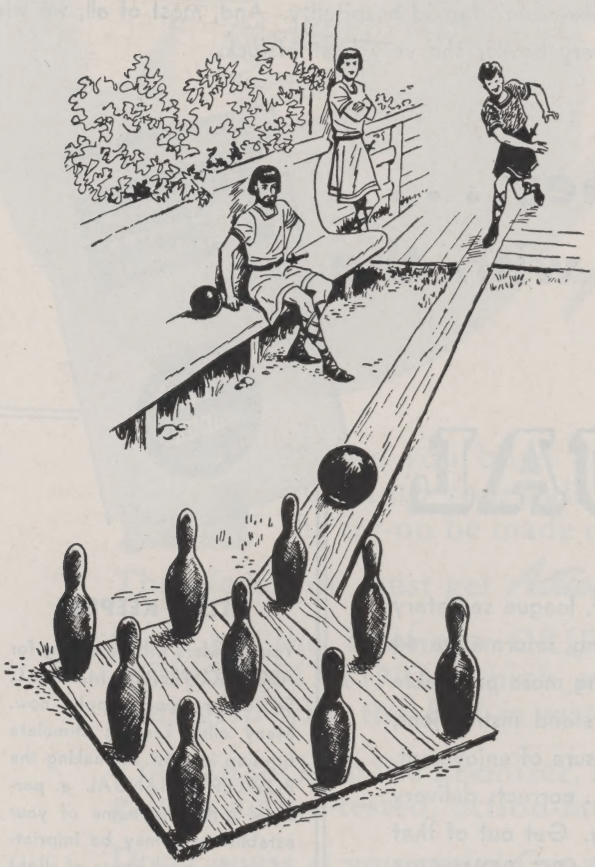
Facts about Bowling every bowler should know

ONE WAY TO HIT A SPLIT!



When the Swiss began bowling on wooden alleys in the 13th century, they used a plank 12 inches wide. At the end, a platform 4 feet square held the 9 pins.

Since splits resulted in impossible shots, the ingenious Swiss changed the rules to allow respotting of the corner pins to center positions after the first ball.

Tournament Officials

The greatest of all American Bowling Congress tournaments—that's what Milwaukeeans can proudly proclaim of this 49th renewal of this great bowling classic.

Behind the record-breaking entry figure of 7,735 lie hours of the sweat and toil of many people.

Heading the American Bowling Congress for this 1951-52 season is John J. Canelli of Toledo, Ohio. He is a real bowling enthusiast. He points proudly to the fact that he rose from the rank of bowler to this highest office in organized bowling. Much of his time the last eight months has been spent traveling the country selling the ABC and this great tournament.

Directing the over-all, day-by-day operation of the ABC is secretary-treasurer, Frank K. Baker of Milwaukee. Baker came to Milwaukee in 1946 from Salt Lake City to take over the post of assistant secretary. On August 1, 1951, he took over his present position.

His big task is the operation of the home office of the ABC. It is his duty to see that the 1600 City Bowling Associations are serviced properly by the Congress. In addition much of his time is spent on speaking tours and promotion of the ABC.

Both Baker and Canelli are rank newcomers compared to the man who is given much of the credit of raising the ABC to its present high status—Elmer H. Baumgarten. "Baum", as he is affectionately known by his friends, took over as secretary of the Congress in 1932. At that time it listed 39,000 team members—when he retired on August 1, 1951, Congress membership records listed in excess of 325,000 teams.

ABC directors made sure that "Baum" did not quietly slip out of the bowling picture on his retirement, for they immediately elected him secretary emeritus. With few exceptions he has been at the ABC office for work every day since his "retirement."

The tournament operation is in the hands of Charlie Treuter of San Antonio, Texas. This is his third, and best meet since being appointed Tournament Director. Wherever he goes, Charlie gains the reputation for being a hard worker and a likeable fellow. Those close to the operation of the tournament know what a herculean task his is.

Milwaukee Sports Scene

Without the year-around help and assistance of newspapers throughout the country, bowling could not have become what it is today—and without the concerted effort of papers in the tournament host city each year this great American Bowling Congress classic would still be a floundering infant.

This year, in particular, bowling has been fortunate in having four of the most able sportswriters in the country telling the world of this great bowling spectacle. Guiding the sports destiny of Milwaukee's two fine daily papers are a pair of real sports authorities; Russ Lynch, Sports Editor of the Milwaukee Journal and Lloyd Larson, Sports Editor of the Milwaukee Sentinel.

Lynch has become known throughout the Midwest for his aggressive "inside" reporting. Many of his stories have hit the national wire services and people now look to his entertaining and informative column, "Maybe I'm Wrong" for a solid close-up of the sports scene.

Larson, an excellent reporter of facts, is also as well known for his athletic prowess. He was a star football and baseball player at the University of Wisconsin and later a basketball and football official. He retired from officiating two years ago with the Rose Bowl game as his final assignment. His daily column express the sound opinions of a real expert who understands the sentiments of players and fans alike.

Giving the on-the-spot picture of the bowling scene in Milwaukee are Billy Sixty of the Journal and Hank Sayrs of the Sentinel.

Sixty is known across the country for syndicated bowling articles and his own skill as a bowler. He has also co-authored a book on bowling with Hank Marino. His ability on the golf course is almost as great as that on the bowling alley for he has five times been runnerup for the state amateur golf championship. He is listed in bowling's first "Who's Who" in this issue of BOWLING Magazine.

Sayrs, formerly of Waukegan, Ill., was at one time one of the best bowlers in the Southwest. His top mark of all time was an 822 bowled in a special match against Earl Elwood of Los Angeles. He also once won the all events division of the Southwest Bowling Congress tournament. While he has now become a once-a-week bowler he still carries a 185 average.

EASY TO APPLY: Highskore Finish covers easily and leaves no brush strokes.

FEWER COATS REQUIRED: Highskore Finish is a strong, durable finish. Saves you money.

LONGER LIFE: A Highskore Finish will stay smooth and gleaming for a full bowling season under normal conditions.

QUICK DRYING: No need to lose business while an alley is being refinished. Can be applied during off hours . . . "ready to go" next morning.

LESS MAINTENANCE: Highskore Finish is plastic-strong . . . flexible enough to absorb the punishing ball impact . . . hard enough to keep alleys smooth and true.

UNIFORMITY: When you use Highskore Finish you know you are using a uniform, laboratory-controlled product . . . uniformity that is locked in factory-sealed containers.

APPEARANCE: Smooth, gleaming alleys are yours with Highskore. Highskore alleys will bring you more customers to bowl more lines . . . with higher scores.

President, Milwaukee and Wisconsin Bowling Proprietors Associations

Each year Milwaukee and Wisconsin bowling officials point with pride to the largest city and state tournaments in the country. Much work must go into both of those meets to make them the tremendous success they are. This year the same men who run the city and state meets had the added task of making this 49th annual American Bowling tournament a success. They more than did their share as the final entry shows.

President of the Wisconsin State Bowling Association is Elmer Drager of Eagle River. He did his job so well that a new record of teams entered from the host state was set.

Heading the Milwaukee Bowling Association as President is Edward Brickner. Not to be outdone by the state group, a new ABC record of teams entered from the host city was also set.

Assisting Drager and Brickner as secretary of both the Wisconsin and Milwaukee Bowling Associations is Clarence Jonen. Down through the years his name has become synonymous with record-breaking tournaments. It is doubtful if there is anyone in bowling who works harder than Clarence. He is also an Executive Director of the ABC.

All of these gentlemen, in addition to running their own tournaments, have chipped in handsomely not only in working for a new entry record, but also to try to set a new attendance record. They are hoping that ABC officials will have to completely re-write their record book at meet's end. If the finish of this great classic is anything like the start they should have their wish.

Working closely with the two associations has been the Bowling Proprietors Association of Wisconsin and Milwaukee. Serving as president of both groups is Hank Marino.

The proprietor groups have been extremely helpful right down the line. They have helped out in the signing up of so many teams and have been leaders in the ticket sale campaign. Hank Marino, of course, has played a major role from start to finish.

WELCOME to MILWAUKEE and WISCONSIN

OFFICE OF THE GOVERNOR
MADISON, WISCONSIN

January 31, 1952

Greetings:

It is a privilege to welcome the competitors and officials of the 49th annual American Bowling Congress Tournament to Wisconsin, and to offer you our state's cordial hospitality.

We are proud that our largest city has, for the third time, been chosen as the site of the ABC tournament. Yours is the world's largest sports organization. It has earned distinction for the efficient manner in which it conducts the bowling affairs of your great community of sportsmen in the United States, Canada, and overseas. It has won the respect of those who cherish the spirit of fair play for all our citizens.

Wisconsin's enthusiasm for bowling is well-known. We are pleased that Milwaukee can claim to be the capital city of bowling, the location of the national ABC headquarters and of the offices of the official Bowling Magazine. Congratulations to you all for your fine new headquarters building.

I wish you a most successful tournament and a very pleasant visit in Wisconsin. Please come again.

Sincerely yours,

Walter J. Kohler, Jr.
Governor

MILWAUKEE

TO THE PARTICIPANTS
49TH AMERICAN BOWLING CONGRESS TOURNAMENT
MILWAUKEE, WISCONSIN

As the home of the ABC, Milwaukee is particularly proud to be the site of the 49th ABC tournament.

Although we are known as a convention city, the stupendous prospect of 40,000 bowlers coming here from 44 states plus the territories, is something quite unusual. Not since 1923 have we had the pleasure of your company.

You will find that the Milwaukee Arena offers superlative facilities. You will find, also, that Milwaukee offers the finest in old-fashioned friendliness and hospitality.

Welcome to our city! May your stay be a most pleasant one!

Sincerely yours,

FRANK P. ZEIDLER
Mayor

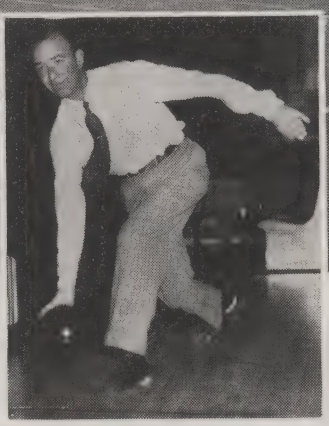
Bowlers "Strike" Warm Welcome!

Milwaukee's Magnificent New Sports Arena—40 Alleys and the Nation's Largest Audience Accommodations



Bowlers in the 1952 American Bowling Congress Tournament, beginning March 22, will enjoy facilities that make Milwaukee America's Bowling Capital. Here, too, is the home of "the bowlers' newspaper"—The Milwaukee Journal — popular in more than 90% of all homes in Milwaukee and suburbs. Meet The Journal's bowling editor — who is America's best known bowler-writer — Billy Sixty! The Journal offers you not only complete bowling news, but the assurance that most other bowlers and sports fans will read about tournament events and records.

It's Billy Sixty's 29th ABC Tournament

The Milwaukee Journal's bowling editor has rolled in 28 ABC's. His 29th will be a "home" show—of which he is naturally proud. Incidentally, 21 teams of Milwaukee Journal employees will also bowl in this tournament.

Beautiful Chicago Skyline

Chicago In 1953

By James Segreti
Chicago Tribune

See you in Chicago in 1953!

It will be the American Bowling congress Golden Jubilee and the champion convention city of the world already has started preparations to greet the greatest bowling army in history. The tournament entry record established this season in Milwaukee will be surpassed, judging by the long range work being done now by the Chicago Bowling association. "Beat Milwaukee's entry record," is the cry set up by this city's 500,000 bowlers.

The site of the 1953 tournament will be the Coliseum, located approximately two miles south of the spot where a hardy pioneer group of A.B.C. officials conducted the first tournament. The opening A.B.C. meet was held in a six alley center in the Welsbach building at Wabash avenue and Randolph street. There was a prize fund of only $1,592, created by 41 five man teams, 72 doubles and 115 singles.

There were four subsequent A.B.C. tournaments awarded to Chicago. The 1912 and 1929 meets were held in Dexter Park Pavilion in the city's Stock Yards area, and now the site of the International Amphitheater, which will house the Republican and Democratic conventions next summer. The 1924 tournaments was directed in the 132nd Infantry armory and the 1938 classic was conducted in the Coliseum.

The Coliseum and the 132nd armory have been the scene of the national All-Star individual tournament. It was in the Coliseum on Pearl Harbor day, Dec. 7, 1941, that the All-Star was conceived. The All-Star meet returned to the Coliseum in 1950 and 1951. The 132nd armory served as the prize hunting All-Star grounds in 1947 and 1948.

Chicago will provide the proper setting for the world's greatest bowling tournament with its excellent and adequate housing facilities and transportation methods. The Windy City is well experienced in greeting throngs. I. S. Anoff, president of the Chicago convention bureau, recently predicted that more than 1,000 national, regional and state meetings would be held in Chicago during 1952 and that figure may be exceeded in 1953.

Chicago's convention record is hard to lick—1,527 groups having settled in the city during the Century of Progress exposition in 1933—when 1,596 names went on the guest books. Chicago's boast as the queen host city is supported by the average 814 conventions for the last decade. Approximately 40,000 visitors are expected for the Republican and Democratic conventions.

"We've been waiting for the A.B.C. Golden Jubilee for two years," said Jule Lellinger, 64 year old veteran of 33 consecutive A.B.C. tournaments. "We were delayed by World War II and we'll make up for lost time by producing the greatest show we've ever had."

Lellinger ought to know about setting records—at least on the bowling lanes. A member of the legal department of the Chicago Transit authority, Lellinger was captain of the Birk Brothers team which established the all-time high of 3,234 in capturing the five-man title in the Coliseum in 1938. The quintet rolled games of 1,129, 970 and 1,135.

"That was one of the greatest thrills I ever got in my long bowling career," said Lellinger. "However, I'll also never forget the 3,061 with which we won the five man championship in Grand Rapids in 1917." The Birk Brothers team of 1917 posted games of 1,015, 944 and 1,102.

Harry Steers, 71 year old purchasing agent, who still averages 180 in two leagues, is another Chicago veteran anxiously awaiting the return of the A.B.C. Steers rolled in his first A.B.C. in 1902, missed the 1903 meet, but has competed in every one since. His most memorable incident concerning the A.B.C. in Chicago occurred in 1924 in the 132nd armory.

Steers, former doubles and all-events A.B.C. champion, relates that a friendly grasp cost the Mineralites the team title that year. Chuck Collier, retired Brunswick executive, needed a spare in the last two frames of his game. Teammate Frank Kartheiser, rolling No. 4 spot, tossed a strike. The jubilant Collier, anchor man, seized Kartheiser with a well-done hug, then heard something crack. Collier missed the spare with his throbbing thumb. The Mineralites lost the title to the Herbs Indians of Cleveland by three pins.

William O. Heerman, 72 years old and now manager of the Gabby Hartnett recreation in Lincolnwood, also has fond memories of the 1924 tournament. His Michael Igoe team that season rolled opening games of 991 and 1,041, but failed to keep up the pace in the final contest. Heerman has rolled in 33 consecutive A.B.C.'s and is looking forward to 1953.

Heerman joins Lellinger and Steers in pointing out that Chicago is the ideal site for A.B.C. meets. Their travels throughout the nation during their brilliant careers have convinced them that Chicago never fails in supporting important tenpin tournaments.

Walter Schuster, president of the Chicago Bowling association, and his able lieutenant, Frank Limberg, have started the ball rolling for a record strike in Chicago in 1953.

Don't miss it. Chicago will be waiting for you in 1953.

Faber Cement Shoots New High With Big 3754

Teaneck, N. J.—The famous Faber Cement team came within 44 pins of the St. Louis Hermann Undertakers all-time high league series record of 3797 here on Feb. 25. The Fabers rolled 3754, second highest ever scored by a five-man team, at Phelps Manor in the Bergen County Interclub league and took the lead in the race for the national high this season.

Just three days previous the same team had notched a 3562 total on the same alleys in the Bergen County Classic league.

Here is the box score of the leading series:

Jim Lago	298	248	279—825
Wally Patrick	224	278	266—768
Ces Hart	235	223	238—696

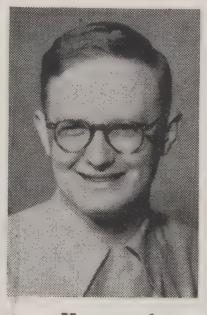
Radiarts Retain Ohio Team Match Championship

Cleveland, Ohio—The Radiarts of Cleveland retained the Ohio team match game title by defeating the Frisch Big Boys, Cincinnati, in a 24-game home-and-home hatch. Steve Nagy led the Radiart attack with a 214 average for the route. His team averaged 1005.

The Radiarts will defend their title next against Dick Hoover's Machine Tools of Akron next October.

Milwaukee Bowling News

Milwaukee is well known for many outstanding business organizations. Included in this group is the Bowling News, one of the oldest and best bowling publications in the United States.



Kopperud

The Bowling News was founded in 1939 by Mrs. Ellen Kopperud, who edited and published the paper until two seasons ago when Allen Kopperud, her son, took over the editorial reins.

The part played by this publication, in creating interest in the 1952 ABC tournament, has been a real demonstration of cooperation and ABC officials have commended the staff for their participation.

The Kopperuds are all bowlers and Allen just recently had the thrill of scoring his first 600 series in league play.

Associated with Allen in writing copy for this bi-weekly publication, are Jack Ferrari, Associate Editor and Larry Dietz, former president of the Milwaukee Bowling Association.

Radio and Television Help Promote Tournament

Much of the success of any promotion is dependent upon proper publicity. The normal channels for such publicity are radio, television and newspapers.

The American Bowling Congress has been extremely fortunate in Milwaukee to have had the full cooperation of those three segments. From the very outset when representatives of the ABC called on the radio and television people to ask for their support, those people were ready and willing to lend their assistance.

Among the stations cooperating were WTMJ, WISN, WMAW, WEMP, WOKY and WMIL. In addition, WTMJ-TV, on many occasions offered their facilities towards the successful promotion of the Tournament. These groups did not stop once the record-breaking entry total was set—rather they continued their efforts in behalf of this great classic.

One of the highlights of the 1952 Tournament is the daily radio broadcasts direct from the Milwaukee Arena. The first sponsor who came to the tournament headquarters and asked about broadcasting was the Blatz Brewery. The brewery representatives were so enthusiastic about the prospects of a daily tournament broadcast that they immediately contracted for time with Radio Station WTMJ. For the 84 days of the Tournament, from 10:15 until 10:30, seven nights a week, the Blatz broadcast can be heard.

Another important innovation was the announcement by the Gettelman Brewery of Milwaukee that it would televise four live shows during the course of the ABC. The first show is scheduled for the evening of March 27 from 9:30 until 10:30 with Bob Heiss at the microphone of WTMJ-TV, and George Marr, special events director of that station, handling the production.

The final dates for the other three telecasts had not been set at this writing.

In addition to those two broadcasts, Station WMAW will also cover the tournament very completely. Hal Walker, veteran sportscaster of WMAW, will handle many special broadcasts direct from the tournament site. WMAW will also give up-to-the-minute tournament happenings on all their newscasts throughout the day.

Such a program has also been set up by most of the other radio stations in Milwaukee. They have come to the ABC and offered their assistance in helping to keep tournament interest high for 84 days.

The American Bowling Congress is grateful for their efforts.

Biggest Issue

This issue of BOWLING Magazine is the largest, and we hope you think the best, in the long history of the Magazine.

Many tables and charts presented in the Record Book section can be found in no other place than BOWLING Magazine. They are the efforts of many years of hard work.

We also hope that everyone will enjoy the first annual "Who's Who in Bowling" presented in this issue.

For the second straight year BOWLING Magazine is proud to present its annual Yearbook combined with the March issue of BOWLING Magazine.

Subscribers to the Magazine will not recognize the issue they get at home and the issue that will be on sale in the Tournament building, but that is only on the outside. On the inside, the March issue of BOWLING Magazine, and the official Program of the 49th annual American Bowling Congress Tournament are identical. Because of mailing regulations, we were not allowed to use the "Official Program" cover on magazines going through the mail.

This is the first time such a feature has been undertaken to acknowledge the feats of the outstanding people in the game.

The editors realize that many deserving people have probably been by-passed, but in the years to come it is hoped that the "Who's Who" can become more complete. It was necessary at the outset to set up very stringent rules as to what was necessary to be listed in "Who's Who in Bowling." It is very possible that these rules, too, will be changed, but like any new venture, we had to start somewhere and the results of those efforts can be seen in this issue of the Magazine.

In addition to the "Who's Who" and Record Book section, this Magazine is dedicated to the 49th annual American Bowling Congress Tournament. Many of the normal Magazine features have been dropped for this month so that all of the space could be devoted to the Tournament. This not only gives the thousands of spectators who will purchase the Magazine a chance to learn first-hand about the Tournament, but will also give those who were not able to make the meet this year an opportunity to get a better picture of the 49th annual championships.

1952 Tournament Greatest

Many New Entry Records Set As Milwaukee Hosts First ABC Meet Since 1923

"The greatest of them all!"

That certainly is the phrase that best tells the story of the 49th annual American Bowling Congress tournament.

For the third time Milwaukee is hosting the great classic and for the third time Milwaukeeans are proud of the new entry record set in their city.

No one dared envision in 1923 that some day Milwaukee would set an entry mark of 7,736, but it has, just as it has set many other new marks for other entry phases of the meet.

The 7,736 is 388 more teams than were entered at Detroit in 1948 which totaled 7,348 entries. Another mark that has been surpassed is the all time booster record of 2,548 teams also set in Detroit in 1948. For this meet there are 4,027 teams in the 850 and under class for an increase of 1,479 over the previous tournament record.

Milwaukee and Wisconsin have joined personally in the setting of records by entering more host state and city teams than any other ABC. Wisconsin, with a total of 3,820 teams entered beat the Michigan mark of 2,797 established in 1948, by 1,023 teams. Milwaukee's 2,426 team entry beats Detroit's '48 mark of 2,146, by 280 teams.

Much of the tremendous bowling interest in Milwaukee and Wisconsin can be attributed to Clarence Jonen of Milwaukee. He is secretary of both the city and state groups in Wisconsin and has annually staged the largest state tournaments in the country.

It seems only natural that the entry in this great event is spectacular, for the whole show from start to finish is just that. Perhaps not spectacular in the Hollywood sense, but spectacular in the human sense.

To 90% of the men bowling in this meet, this is their big splurge of the year. Bowling in the ABC is almost an obsession with some. Take for example, the more than 150 bowlers who have participated in more than 25 ABC tournaments.

There will hardly be a competitor who will not leave Milwaukee with some stroy fresh in mind that he will remember for the rest of his days.

Space will not permit recounting of the many strange happenings at past ABC's, but they would fill a book. Spectators at this year's classic, though, will no doubt hear many of the tales—but better yet, will on this occasion, be in on those happenings.

Big Pay Off In ABC

As in any great championship event, the contestants are always shooting for the top award. The American Bowling Congress Tournament is no different in that respect, but it is different in other respects.

Around the country the headlines can be read, "Joe Smith captures $2,000 top spot in Armstrong Sweeper." You will not read that about Joe Smith in the ABC Tournament. This is not to say that the great annual classic has to take a back seat or even be compared with any other tournament in the country for the ABC is truly bowling's blue ribbon event.

Take for instance the top awards in each event. $2500 for the champion team, $1,000 for the doubles combine, $500 for the singles champion and $1,000 for the all events winner, not bad but that tells only half the story. It is the breakdown of the prize list that makes the ABC the fine event it is.

Rather than dropping from, say a $1,000 first down to a $200 second place award, as so many tournaments do the ABC prize list goes down gradually. Last year the team finishing 100th in the doubles collected $110; the man finishing 100th in the singles collected $100; the team finishing in 100th place collected $100 and 100th place in the all events was worth $64.

There is nothing in bowling to compare with the all events section of this tournament. For a $3 entry fee, no other costs, a bowler has a chance for that $1,000 top prize.

However, for all of the money that is paid out in prizes, and this year it will be over one-half million dollars, to most of the contestants the money is secondary to the prestige that goes with being an ABC champion. Those who win know that they shall forever be remembered as a champion. They will have a lifetime pass to all ABC meets; they will be honored and respected.

That is not all. For with victory in each events goes a trophy or individual award. In the team event the spectacular Langtry-Howard trophy goes to the victor. Valued at $1,000, it is considered one of the top sports awards in any field. The trophy goes to the sponsor of the winning team. Prior to this year, all individuals winning championships, including the five members of the championship team, received a gold medal valued at $500. This year that award has been changed to a gold belt buckle adorned with a striking diamond. This, too, is valued at $500.

Another much sought after award is the Frank Pasdeloup trophy that goes to the team winning the all events championship. While that is not an official competition of the meet in that the members do not receive gold medals, it is one of the most highly prized awards among the top teams of the nation.

All the awards do not go to the so-called "hot shots"; the boosters, a very vital part of the tournament, are also remembered. To the individual winners of booster events goes a silver belt buckle. This year a new award has been inaugurated; that is the Elmer H. Baumgarten trophy for the sponsor of the winning team. In the years to come, this award will take its place alongside the Langtry-Howard and Frank Pasdeloup trophies.

In the regular events awards are also given for second and third place. Those finishing in the runner-up spot each receive a beautiful gold watch with a wrist band designating the honor that they have won. Third place winners receive a splendid clock trophy.

So if you watch the boys on the firing line in this 49th annual tournament, you will know that they are truly shooting for fame and fortune.

Defending Champions

There is an old saying among American Bowling Congress tournament railbirds that "they never come back in an ABC." Technically, the slogan is 100 per cent correct. Never has an identical team, doubles combination or singles winner come back to successfully defend his title in this great bowling classic.

It is true that on two occasions the perfect record has almost been blasted. In 1915 the Barry-Ketteler five won the team title. Later that year, a new man was added to the team and the following season the club took the name of Commodore Barry. That group went on to win the 1916 team title.

Frank Benkovic actually came the closest to upsetting the perfect 48-year old "No repeater" mark when he won the doubles in 1932 with Charlie Daw and came back in 1933 to win the two-man event; only on that occasion he was teamed with the late Gil Zunker.

The only place where there has been an actual repeat is in the team all events, and this is not considered a regular championship event since gold awards are not made to the winners. The powerful E. and B. Beer team of Detroit, however, did capture this event two years running; in 1949 and 1950.

Last year the winner of the event was the mighty Stroh five, also of Detroit. The Motor City boys set a new record for the event when they blasted a brilliant total of 9506. The Strohs will be back to defend their title this year on April 27.

They will bring with them two individual ABC champions. First, of course, is little Lee Jouglard, who set an all-time ABC record at St. Paul last year when he crashed a heavy 775 count. Lee will bowl his singles on April 28.

The other Stroh champion is popular Tony Lindemann, who topped the all events division a year ago when he nosed out Jouglard with a big 2005.

In the team event, the O'Malley Oldsmobile quintet of Chicago will be back to defend its title on May 13. Their victory with a 3070 count was considered a major upset last year. This will not be the same O'Malley team, though, for two members have since left to serve their country in the armed forces. Missing from the line-up will be youthful Freddie DeRosa and Ken Sprouls. Replacing that pair will be Don Pesch and Al Cohn.

The doubles combine of Ed Marshall and Bob Benson of Lansing, Michigan, will defend their honors on April 5. They blasted a nifty 1334 to win and would settle for the same this year. They will bowl the team event on April 4.

Masters Invitational Tops List of Special Events That Give ABC Added Color and New Interest

It will be defending champion Lee Jouglard against a star-studded field of 63 in the second annual Masters Elimination tournament to be held in conjunction with the American Bowling Congress meet, June 1-7.

The Masters', in its first year at St. Paul last year, proved to be one of the big hits of the ABC and since its inception top stars from all over the country have been making inquiries about entering the event this year. Actually getting on the Masters card is no easy task.

Last year the field was limited to 32 contestants, 24 from the state of Minnesota and eight of the nation's top-ranking stars. This year the field has been increased to 64. Seeded into the meet are Jouglard as the winner last year and Joe Wilman who was runner-up to him. The two other seeded stars are Junie McMahon, winner of the All Star tournament in Chicago last December and Bill Lillard who was runner-up to McMahon.

Thirty two of the 64 participants will come from Wisconsin. They will be selected in a special elimination tournament held on the tournament alleys, May 31 and June 1. The 160 bowlers will be picked on a first come first served basis.

State champs who have already indicated that they will be on hand are:

Jack Soelberg, Oregon, all events.
Joe Kissof, Ohio, all events.
Ronald Jones, Ohio, singles.
Walter Wellman, Florida, all events.
Lou Vitalich, Washington, singles.
Walter Schrieber, Iowa, all events.
Max Kosof, Utah, all events.
Willard Taylor, W. Virginia, all events.
J. M. Hamric, W. Virginia, singles.
Ollie Hildahl, North Dakota, all events.
Mike Soulis, North Dakota, singles.
Walter Miller, Wyoming, all events.
Wally Plambeck, Illinois, singles.
Bob Schneider, Illinois, all events.
Carl Richards, Kansas, all events.
Frank Santore, New Jersey (tentative).
Charles Pozniak, New York, singles.
Arnold Carlson, South Dakota, singles.
Rollie Homing, Idaho, all events.
Billy Williams, Michigan, all events.
Tom Henessey, Missouri, all events.

The remainder of the field will be made up of men leading in the 10-year-average race. How many of them will be determined after the final entry of the state champs is closed. Since the two 10-year-average leaders, McMahon and Wilman are already seeded in on other accomplishments, the following men appear to have the best chance of appearing in the Masters:

Eddie Koepp, Cleveland.
Ed Kowalics, Chicago.
George Young, Detroit.
Ned Day, West Allis.
Nelson Burton, St. Louis.
Marty Cassio, Rahway, N.J.
Andy Varipapa, Hempstead, N.Y.
Tony Sparando, New York City.

The meet itself will be a three game elimination affair. The defeated will drop into a losers bracket. There they will continue to bowl until their second defeat after which they are eliminated from the tournament. The victors, of course, advance to succeeding rounds as they triumph.

The entry fee for the classic will be $25. Top prize will be $750, with second place being worth $500, third, $350, fourth, $200, fifth, $100. In addition to this the contestants will get $25 for each match that they win.

Seldom, if ever, has a special tournament struck the fancy of the public like the Masters, and it is felt that after this year's event it will be more popular than ever.

Each night before the eliminations get underway, a special bowling clinic will be conducted for 30 minutes. Many of the stars on hand will participate by discussing different bowling problems. Friday night, June 6, a special trick shot exhibition has been arranged. Both of these special features proved extremely popular in St. Louis.

Tournament Director Charlie Treuter has also announced that the Junior Bowling program in Milwaukee is now moving along at a fast pace. In the near future all AJBC leagues will hold special competitions within the respective leagues to determine who is to bowl in the ABC Junior tournament on the alleys in the Milwaukee Arena.

The meet will have 64 competitors who will go through an elimination to determine the champion. It will be a match game affair on a handicap basis. It will run from May 20 to 27 and the final night will see eight boys in action. All of these finalists will receive trophies that in no way conflict with regulations set up for high school athletes in Wisconsin.

Coinciding with the boys' meet will be a one-day girls' competition for American Junior Bowling Congress members. This will be staged on the evening of May 20 and will be a three-game handicap affair. Trophies will also be awarded in this event.

Of interest to Milwaukee bowling fans is the special Heil-Hall of Fame match that is slated to take place at 8:00 p.m., April 24. Young and old alike are anxious to see the famous Heils of Milwaukee in action again against the big names in the Hall of Fame.

The two teams will bowl a special three-game match, with the Hall of Fame five out to redeem itself after dropping a decision to the Hamm Brewery team at St. Paul last year.

Bowling with the Heils will be Ned Day, Billy Sixty, Elmer Koch, August (Doc) Ehlke, Emil Kannenberg and Hank Marino. Marino is also a member of the Hall of Fame, but will bowl with his old teammates on this occasion.

The Hall of Fame team will include Joe Wilman, Joe Bodis, Harry Steers, Mort Lindsey, Herb Lange and Ad Carlson.

Also listed as special events are a couples sweeper on June 10-11 and a ladies team sweeper on June 12-13. The couples event will accommodate 160 bowlers who will be firing for a $100 top prize. Entry fee will be $10.

The team sweeper for the ladies also lists a top of $100 with the field being limited to 80 teams for the two nights.

PAST ABC's

Many Strange Stories Have Come Up In The Last 48 ABC Meets And This Year Should Add To Legends

As sure as the sun comes up in the East and sinks in the West there are going to be many times during the 1952 ABC tournament that the little known or lower average bowlers are going to take the spotlight off the stars of the tenpin game.

It happens every year that some unknowns, riding on a crest of pent up anxiety, have their day in bowling's greatest show. Sometimes it even results in a championship.

The best example of this was the case of John Gworek and Henry Kmidowski, a couple of booster bowlers from Buffalo, N. Y. In the 1946 tournament in their home city, this pair won the doubles title with a 1360 score. The men, both 170 average bowlers at the time, rolled a 544 doubles game, the highest ever scored in the tournament. It still hasn't been beaten.

In the 1950 tournament at Columbus, Ohio, Everett Leins, of Aurora, Ill., startled the bowling world by scoring 757, the second highest series at the time ever rolled in the singles event. Leins, a 180 average bowler, had just rolled a 110 game and 440 series in the team event the night before. He had never scored above 700 and hadn't had a 600 total in league play that year.

The history of the ABC tournament is full of interesting stories. The tournament is now almost an American tradition and its participants come from every walk of life and from every corner of the United States. Yes, and even from Canada, Hawaii and Alaska.

As in any other sport, bowling sometimes seems to run in families. Take the Faetz family of Chicago for instance. The father, Matt, Sr., won the ABC all-events title in 1915. One son, Leo, has won two team titles, one in 1928 and one in 1940. His brother, Matt, Jr., was also a member of the 1940 winning team.

Tony Schwoegler, veteran Madison, Wis., bowling alley operator, won the doubles in 1909 with his brother Al. Tony will be bowling in his 43rd ABC in Milwaukee and he has a 189 average for the 378 games he has rolled. He is the father of Connie Schwoegler, who has twice won the National Individual Match Game championship, and Mel Schwoegler, another of Madison's best bowlers.

The Thomas family, of Chicago and Peoria, Ill., has won its share of ABC titles. Four brothers have won five championships. Frank won the doubles in 1916 with Hank Marino and captured the all-events in the same year. Harry and Clarence won the doubles crown in 1924 and Fred won the doubles with Harry Steers in 1918.

There are some strange stories of ABC happenings, too. Donald Van Boxel, Green Bay, Wis., and Gene Bernhardt, Sturgeon Bay, Wis., became the ABC doubles champions in 1949 by a quirk of fate. At the last minute Van Boxel's regular partner couldn't make the trip to Atlantic City so Bernhardt was called upon by the team captain to replace him. The pair met for the first time as they boarded the train. They bowled like old friends, however, in the ABC and emerged with the $1,000 top prize.

Ten men have won an ABC title in their first attempt. Seven were singles champions. The list includes Carl Baumgartner, Cincinnati; Jerry Vidro, Grand Rapids, Mich.; Charles Warren, Springfield, Ill.; Gene Gagliardi, Mount Vernon, N. Y.; Ray Brown, Terre Haute, Ind.; Fred Ruff, Belleville, Ill.; Everett Leins, Aurora, Ill. Two doubles champions in this classification are Henry Kmidowski, Buffalo, N. Y. and James Towns, Chicago. Ora Mayer, San Francisco, is the only man to win the ABC all-events title in his first year of competition. Mayer took the crown in 1935 when he scored a 2022 nine-game total.

Once a dyed-in-the-wool bowler performs in an ABC it takes a great deal to keep him from bowling regularly. There were 96 bowlers, who participated in the 1951 tournament at St. Paul, who had competed in more than 25 of the tournaments.

Elmer H. Baumgarten, ABC Secretary from 1932 to 1951 and now Secretary-Emeritus of the Congress, has himself rolled in 41 tournaments and has many interesting stories to tell about ABC participants. One of his favorites concerns a letter he received from a bowler in the flooded Ohio River Valley in 1936. Here is what the letter said in part:

> "Dear Sec.
>
> "I am writing this by candlelight in my attic. I do not think the water will get above the second story. Haven't seen my teammates for a week. Hope they aren't drowned. Think I can get this letter out on the flood boat in the morning. My bank is nine feet under water; but I am enclosing my check for $75 entry fee in the five-man doubles and singles for the World's championship in New York. Have not missed my nine games in the tournament for 22 years and don't intend to let a flood stop me."

Two men have rolled in 46 of the 48 tournaments. They are Peter Howley and Harry Steers, both of Chicago. Steers will roll in the 1952 ABC while Howley has not made one since 1949 because of illness.

Hot Day In St. Paul

Stroh Brewery Team

What happened on May 7 at the 1951 ABC tournament in St. Paul will be remembered by hundreds of bowling fans present for years to come. Records established that day could very easily be in the books even longer. What unfolded there in a few short hours, was the most spectacular display of tenpin spilling ever exhibited by a bowling team in a major tournament.

The Stroh's Beer team of Detroit had arrived in St. Paul with much fanfare. The team was completing a most successful season in Detroit where they had captured the championship titles in three of the Motor City's strongest bowling leagues. Among other things the team had won the Schalk Five-Man tournament in Chicago, the Jack Sharkey Classic in Battle Creek, finished second in the U.S. Five-Man eliminations and rolled an all-time high triplicate team score of 1144-1144-1144 in league play. Lee Jouglard had barely missed winning the National Match Game crown the previous December in Chicago and Captain Buzz Fazio and Tony Lindemann had topped all contenders in the U.S. Doubles eliminations.

Carl Peters, manager of the team, expressed much confidence in his boy's ability as they took the alleys on May 6 for the team event. It was then that they began their campaign to prove their statistics were true. The team took over first place with a 3045 total as they showed game-by-game progress with 977, 1016 and 1052. They finished third in the tournament.

The following day, however, the Stroh bowlers really leveled their tenpin guns as they thrilled a large crowd of onlookers with their amazing accurateness. It resulted in the following outstanding accomplishments:

1. Created new team all-events record of 9506.
2. Lee Jouglard set new singles mark of 775 and scored 2000 in all-events which was good for second place.
3. Tony Lindemann scored 2005 for first in all-events.
4. Team set new money winning mark with $4,673.25.

The Strohs are scheduled to defend their championship laurels in the 1952 ABC on April 27 and 28.

How Strohs Won $4,673.25 and Set New ABC Team All-Events Record

10-YEAR LEADERS

Only Ten of the Nation's Top Bowlers Have been able to Average 200 In Last Ten ABC Tournaments

Junie McMahon

One of the most interesting contests in the American Bowling Congress tournament is the 10-year average race. To be included in the race a bowler must roll 90 games in 10 consecutive meets.

Present leader in the event is Junie McMahon of Fairlawn, N.J., who bowls out of Chicago. He established a new record of 207-1, in taking over the lead last year.

McMahon's mark is even more outstanding when it is considered that only 10 of the nation's bowlers have been able to average 200 or better for the last 10 ABC meets.

One of the most interesting contests in the whole tenpin sport, the 10-year average race requires bowling under the greatest pressure and in a test which includes the toughest conditions.

Each ABC bowler must bowl nine games on six different alleys—alleys on which he has never bowled before.

McMahon has been under the 1800 mark but once in ABC competition and he has rolled in the last 11 tournaments. Currently he has a string of seven consecutive 1800 or better series and needs only one more to tie Joe Wilman and Joe Bodis for the all-time record of eight straight series over the charmed 1800 mark.

McMahon took the lead in the 10-year race two years ago in 1949 at the completion of his first 10 tournaments. He had a six-pin edge on former teammate Wilman. Both men had broken the ABC record with 206-69 and 206-63 respectively.

Wilman, who was the leader in 1948, regained the lead at Columbus in 1950 when he gained a 17 pin margin over the big Irishman. McMahon's current lead gives him a 22-pin advantage over the gum chewing Wilman.

The table on this page lists all bowlers and their scores who have averaged over 200 for the past ten tournaments.

For the present at least, McMahon appears to have a commanding lead for at least one more year. He drops an 1804 set and needs only an 1805 to set a new record.

Wilman will suffer the greatest loss since he drops a 2028 set which will be hard to duplicate. A good 1800 total, however, should assure him of his hold on second place.

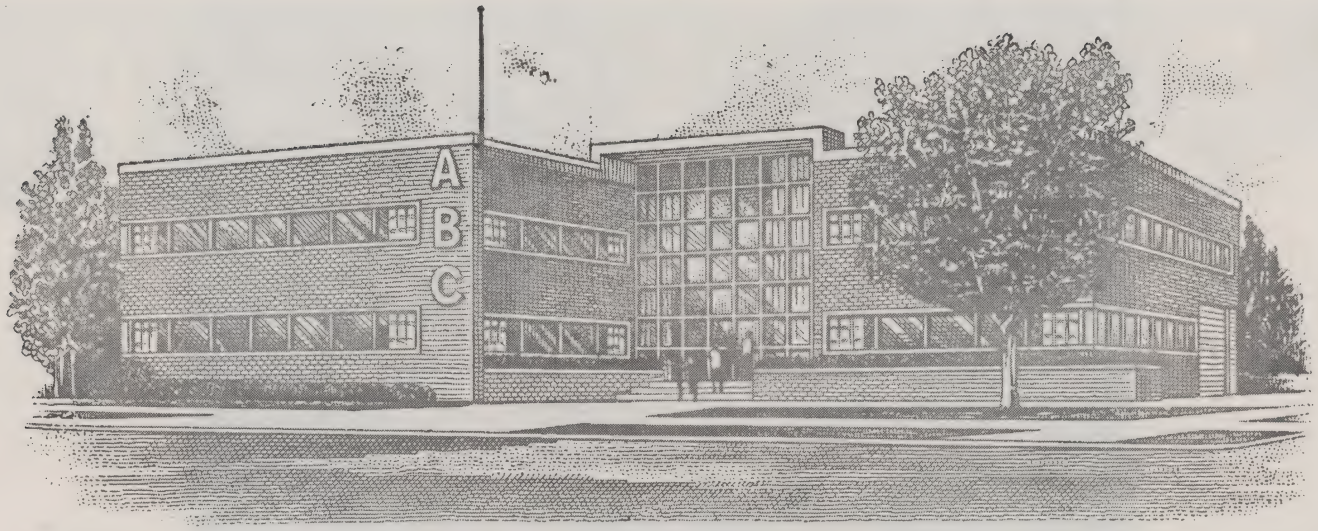
Bowling Slang Directory

Few Games Have The "Slang" That Bowling Has Developed. Each Section Has Its Own Vernacular, But Here Are A Few That Have Become General

ANCHOR—the last man in the lineup of a team.
ALLEY BALL—The bowler whose ball follows the course of the alley. Its a neutral ball and is not turned. Middle western expression.
AIM—All bowlers aim or should and it is so understood. If a bowler gets a few lucky strikes they usually urge him to "start aiming."
BABY SPLIT—The 2-7 or the 3-10 railroads.
BACKUP—A ball which curves or falls away to the right.
BED POSTS—The 7-10 railroad.
BIG FOUR—The 4-6-7-10 railroad. Universal.
BROOKLYN—Ball striking to the left of the head pin. This started in New York and is now universal.
BARMAID—A hidden pin.
BROOM BALL—Same as a sweeper.
CHERRY—Chopping off the front pin of a spare and leaving the pin behind and/or to the right or left standing. It is an error or blow or miss.
CHOP—Picking a cherry.
CHOKE—To become over-anxious and hence failing to accomplish your objective, whether to get a strike or spare.
COUNT—The number of pins knocked down on your first ball to be used on the previous frame for computing your spare score.
CHRISTMAS TREE—The 3-7-10 for a right hander or the 2-7-10 for the left hander.
CHEESE CAKES—Alleys which are soft or where strikes are easy to get.
CREEPER—A slow ball.
DEAD BALL—An ineffective ball. Pumpkin or apple.
DOUBLE—Two strikes in succession.
DIVE—An alley on which your ball takes a 1st minute big hook or dive to the left. Dirty alleys always cause this.
DEAD APPLE—Ball which fades when it hits pins; ineffective ball.
DUTCH 200—A game of 200 on the head made by alternate strikes and spares.
ERROR—A Missed Spare.
FISH—A bowler who can't bowl for money yet who is always looking for a pot game.
FOUL—Touching or going beyond the foul line as you deliver the ball.
FRAME—The tenth part of a game. The squares indicating the tenth of a game are called frames or boxes.
FULL HIT—When the ball strikes near the center of the head pin or any pin which you may be shooting at.
FILL—An eastern bowler uses this word to mean "count" or the number of pins knocked down following a spare.
FOUNDATION—A strike in the ninth.
GRAVE YARDS—Tough alleys. Usually the toughest pair in an establishment.
GETTING THE WOOD—Knocking down a good score; forestry, woodpile; lumber; timber.
HEAD PIN—The No. 1 Pin.
HOOK ALLEY—An alley on which the ball is inclined to run to the left.
HOLDING ALLEY—An alley which resists hook action.
HOLE—The 1-3 pocket.
HOME ALLEY—Several meanings. If a bowler gets several strikes on one alley and doesn't on the other alley he speaks of the former as his "home alley." Teams which favor one pair in a house call them their home alleys. Also refers to the establishment where a travelling team rolls all its games.
"IN THERE"—Ball was a good pocket hit.
KICK BACK—The high division boards between alleys at the pit end.
KITTY—The money collected by team captain from members for errors, splits, and other pre-arranged fines; same to be divided equally or to be used to defray expenses to tournaments; banquets, shows. . . .
KINDLING WOOD—Light pins.
LILY—The impossible 5-7-10 railroad.
LIFT—Giving your ball an upward motion with your fingers at point of release.
LOFTING—Throwing the ball out on the alley beyond the foul line.
LEAD OFF—The first man in a team's lineup.
LIGHTS OUT—When the anchor man blows spare in tenth when it would have won game for his team; same as "curtains."
MOTHER-IN-LAW—The No. 7 pin. Evoluted from the old western game of "five-back" or "Kankakee" in which you did not count pins knocked down unless you made the 7 pin.
MISS—An error or blow.
MOVE AROUND—The bowler who plays alleys by changing his starting position in order to accommodate his ball on various alleys.
MAPLES—Synonym for the pins.
MAKE IT FIT—Trying to make the 4-5; 9-10; or such types of splits or railroads; or those where both sides of your ball have to contact pins.
MARK—Getting a strike or a spare.
NOSE HIT—A hit full on the head pin.
ONE IN THE DARK—The rear pin in the 1-5, 2-8, or 3-9 combinations.
OUTSIDE—Refers to method of playing certain alleys and means more or less towards the corner position as compared to being in the center of the runway.
OUT AND IN—Refers to a wide hook on a running alley where the bowler sets his ball in the center and aims it out towards the gutter. The hook comes back to the head pin, hence the "out and in."
POCKET—The 1-3 "hole" for the right hander; the 1-2 for the left hander.
POT GAME—An open bowling contest in which two or more bowlers set a stake and the high scorer takes all. Sometimes a second place award is determined on. A general term for all stake games including "city club" and "high-low."
PART OF THE BUILDING—Bowlers' expression when 7 or 10 stands on a good hit.
PUFF BALL—A slow ball which fails to carry.
PITCH—The angle at which hole is bored.
POWERHOUSE—A strike ball which rips and tears the pins; a splasher.
RETURN—The track upon which balls are rolled from the pit to the ball rack.
RUNWAY—The approach or platform on which the bowler stands and delivers his ball.
RUNNING ALLEY—An alley which takes a hook. Opposite to holding alley.
STRIKE—All pins knocked down on first ball.
SPARE—All pins knocked down on two balls.
SCHLEIFER—A thin hit strike, similiar to the spiller type. Comes from the German word meaning to cut thin or to slice. Usually applied to a thin Brooklyn hit where the pins seem to melt away.
STRIKING OUT—Striking to the finish of the game.
SLOT ALLEY—An alley where strikes are easy to get.
SOUR—A poor ball; one which fades; one that leaves up 5-7 or 10.
STEAL—To get more pins than you hit for, or that you deserved on hits.



New Executive Offices of ABC

New ABC Headquarters

Bowlers across the nation will have the opportunity to see the culmination of 55 years of organization when they visit Milwaukee for the 1952 ABC Tournament for a monument has risen in honor of the bowlers of America and their organization.

That monument is the new home office building of the American Bowling Congress. Bowlers in Milwaukee for the 1952 ABC meet will have the first opportunity to visit the beautiful structure, for the national headquarters office force will move into the building some time around the opening of the tournament.

The official dedication of the building will take place on the afternoon of Thursday, April 24, it has been announced by John J. Canelli, president, and first vice president George Obenauer who also is chairman of the Building Committee. At that time all the officers and directors of the Congress will be in Milwaukee to attend the annual convention. The many delegates to the convention will also then have an opportunity to take part in the dedication ceremonies.

While the finishing touches of the building were still being worked on early in March, the building will be entirely completed at the time of the dedication.

A look at the records quickly shows why the Congress needed the facilities of its new building. Since 1936 when ABC moved into offices in the Home Savings Bank Building ABC's growth has kept pace with the nation's business and population trends.

Here are four facts which indicate that growth:

1—Membership has increased more than six times from 52,000 to 325,000 teams.

2—The staff has multiplied ten times from six to 65 persons.

3—Services of the Congress grew twenty-fold as can be shown by comparing the 1936 postage bill of $1,221 with last season's stamp total of $24,000.

4—An average of more than 2500 pieces of mail has to be handled every day to carry out Congress services to its members, and supplies, awards and materials run into several carloads every year.

Floor space at the Home Savings Building was doubled during the fourteen years. Actually, it should have been quadrupled. The need for more space became apparent during the first year after the War. Previous seasons had seen team membership in the Congress hover around the 150,000 figure; then came successive seasons with totals of 251,000, 287,000, 311,000, 322,000 and 325,000 teams, the latter figure developing last year when space problems became acute.

In 1947 an office engineer informed Congress officials that instead of the 8,000 square feet of floor space it had at the Home Savings Building, it needed at least 20,000 feet. Although some additional room was provided during the past three years, it developed that the Bank could not supply all the space required. The problem was complicated with increasing rental rates and the fact that the space was not adapted to efficiency for the increased volume of work.

These facts were placed before John Ackerman two years ago while he was president of the Congress. He and his successor as president, the late John L. Sullivan of Louisville, collaborated in naming a New Building Committee to study the situation. Shortly after the formation of the Committee, the Congress acquired land in the Shorewood section of Milwaukee and architects were put to work planning a new home for the ABC.

Since that time progress has moved rapidly. Members of the New Building Committee have worked hard and the building is a testimonial to their efforts on behalf of the bowlers.

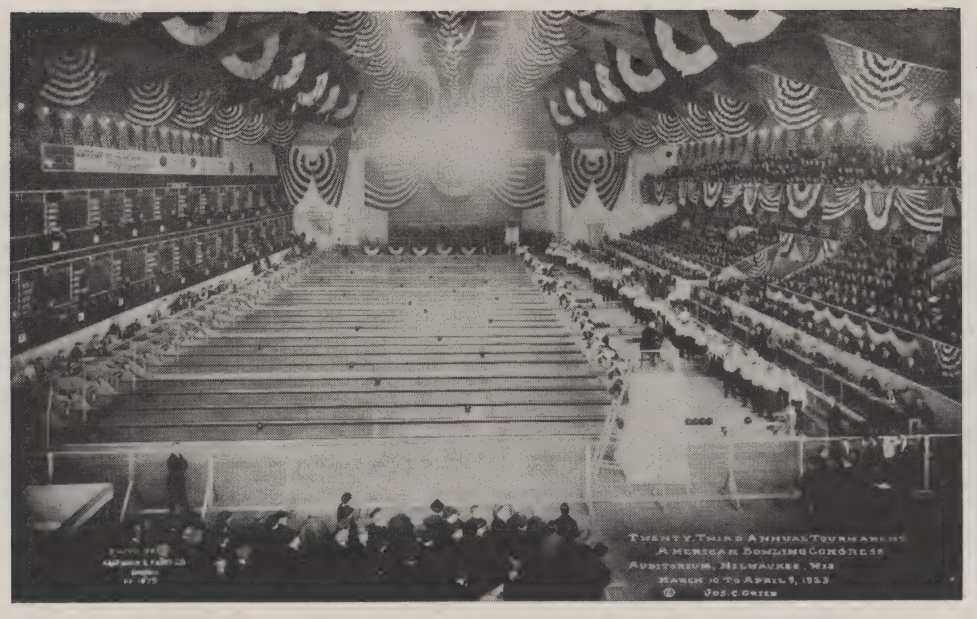
Members who have served on the New Building Committee are:

George Obenauer, Buffalo, New York
John J. Canelli, Toledo, Ohio
Herbert A. Mertens, Detroit, Michigan
Carl J. Sawyer, Escanaba, Michigan
Lester C. Baston, Tulsa, Oklahoma
Fred H. Van Allen, Clinton, Iowa
Anthony J. Vecchiola, East Pittsburgh, Pennsylvania.

Another member was the late LeRoy Davis of Chicago, who was secretary of the Chicago Bowling Association.

Actually the building was built so that the bowlers could be served better. It is only a half block away from a post office which is vital when it is considered that an average of 2,500 pieces of mail leave the Congress daily throughout the year. There is also a loading dock that can handle the more than two carloads of material that is necessary to serve the members of ABC across the nation.

The new home office building is truly a tribute to the bowlers and their efforts. They can well be proud of their accomplishment.



Milwaukee Auditorium as it looked in 1923 for ABC

1923 *Milwaukee* ABC

By Billy Sixty
(The Milwaukee Journal)

On the night of March 30, 1923, there was unfolded in Milwaukee's Auditorium the most gripping drama in all American Bowling congress history.

It was the memorable night on which Milwaukee's Nelson-Mitchells, coming from behind, roared to a record 3,139 victory under nerve shattering pressure while 3,000 fans looked on in speechless amazement.

There have been many thrilling climaxes in ABCs since 1901, but none to equal the scoring brilliance, the suppressed emotion, the terrific impact of this show, 29 years ago.

It consumed only two minutes—two throbbing minutes in which the Claman Dairies of Indianapolis were wildly acclaimed as their own record 3,115 was posted on the scoreboard behind alleys 5-6.

Two minutes of glory for the Clamans—two minutes was all. For even as the echoes of the shouting died, fate was shaping the cruel Nelson thrust on alleys 17-18—the thrust that broke the Clamans' hearts.

Not until those final two minutes were the Nelsons in the picture. They were hardly noticed as the confident, strike battering Clamans poured powerful 1,047 and 1,094 games into the pits to lead the Nelsons by 85 pins. As the Clamans continued to pound the payoff pockets, it was their show. All eyes were on them.

And when Jess Pritchett fired a three-strike rideout at anchor for 256, a 694 series and the record 3,115, the Clamans were hailed with booming applause.

Then came the explosive Nelson thrust, delivered by Charley Daw in No. 4 position. Riding into the tenth frame on a pair of strikes, Daw cashed three more strikes for 234, a 685 series—and victory.

What George (Dewey) Clark counted at anchor no longer mattered. He had 186 in the eighth frame with a spare up—enough to win even with a tenth frame open. He counted six pins on the first ball, spared, and capped it with a strike for 222 for a 1,093 finishing game highlighted by George Keegan's 268.

The valiant try of the Clamans summed up as follows: Eddie Meyer, 585; J. McCullough, 620; F. Westover, 594; Ed Harkenrider, 622, and Pritchett, 594.

The Nelson box score:

George Keegan	187	163	268	618
Matt Somers	213	202	168	583
Finnes Wilson	194	219	201	614
Charley Daw	203	248	234	685
George Clark	194	223	222	639
	991	1055	1093	3139

That is the story of an ABC epic—the story of the wildest, most thrilling, most glorious night in Milwaukee bowling history. A story which, 29 years later, is as fresh in this writer's mind, and the picture of it as vivid, as the night it happened!

8-day Splurge

Within an eight day period the ABC all-events record was shattered three times during the 1923 ABC tournament in Milwaukee.

Barney Spinella, Buffalo, N.Y., had set a record of 1999 in the 1922 tournament at Toledo.

Marion McDowell, Cleveland, became the first man to go over the 2000 mark when he took the all-events lead in 1923 with a 2003 total on March 26.

Three days later Milwaukee's powerhook bowler Charlie Daw, beat the McDowell mark by 11 pins scoring 2014. Daw had led his Nelson-Mitchell team to a new team record of 3139 with a 685 series. He paired with Finnes Wilson in the doubles and contributed 727 as they set a new doubles record of 1358. Daw added 602 in the singles and at the time also held the ABC all-events record with his 2014.

Just five days later Philadelphia's Billy Knox pushed Daw into second place in the all-events division. He wound up with 2019 as he hit 618 in the team event, 686 in the doubles and 715 in singles. Knox needed 275 to surpass the Daw total as he went into the final game of his singles. He put on a spectacular finish in which he struck in every frame except the sixth and finished with 279. His 2019 record stood up to win in 1923 and was the record until 1933 when Gil Zunker knocked it off with 2060.

ABC Hall of Fame

In 1941 the first Hall of Fame election was held. Eleven men were elected at that time. Last year the first election since 1941 was held, only one man was elected. The first quality needed to be elected to the group is outstanding performances in American Bowling Congress tournaments. A man must have participated in at least 15 meets to become eligible.

A brief summary of the accomplishments of the Hall of Fame group is listed below.

John Koster, Nyack, N.Y.—The only man to win four American Bowling Congress titles. He was second twice. Won team and all events titles in 1902, team title in 1912, doubles in 1913. At time of death in 1945 had won more bowling trophies than any other bowler. Elected to Hall of Fame in 1941.

Charles Daw, Milwaukee, Wis.—Eighth man to win three ABC titles. He was second twice. His titles: team and doubles, 1923; doubles, 1932. Almost won three titles in 1923 when he finished second in all events. Considered one of the greatest "natural" bowlers of all time. Elected to Hall of Fame in 1941. Deceased.

Gil Zunker, Milwaukee, Wis.—Created two ABC records in 1933 with 1415 in the doubles and 2060 (record since broken) in the all events. Became the first man to bowl two 700's in the same tournament, 750 and 712. He was elected to the Hall of Fame in 1941. Died suddenly while in his bowling prime at the age of 38.

Jimmy Smith, Brooklyn, N.Y.—Vaulted from the pinboy ranks in Brooklyn into the nation's greatest exhibition star of all time. Was first man to roll four 1900's in ABC. Was first man to win two all events titles, accomplishing feat in 1911 and 1920. Was elected to the Hall of Fame in 1941. Deceased.

Harry Steers, Chicago, Ill.—Was a pinboy of 21 when he won the ABC doubles in 1902. Came back 16 years later in 1918 to win both doubles and all events crowns. Took lead in total pins knocked down in ABC in 1941. Held that lead going into 1952 tournament. Elected to Hall of Fame in 1941.

Mort Lindsey, Stamford, Conn.—A three-time ABC champion, winning the team event in 1912 and 1914 and the all events crown in 1919 while serving in the Navy. Critics considered him the best bowler between 1910-20. He was possessed of skill and great courage. Was elected to the Hall of Fame in 1941.

Herb Lange, Watertown, Wis.—Won ABC team title in 1928. Has five 1900's in ABC competition, twice rolled nine 200 games in ABC, holds all-time ABC three average record of 214, held four-year average title, 1922-26 with 210-16 and has lifetime ABC mark of 200-47. Was elected to the Hall of Fame in 1941.

Adolph Carlson, Chicago, Ill.—Was elected to the American Bowling Congress Hall of Fame in 1941 despite the fact he had never won an ABC title. He had an average of 200 for 17 consecutive meets and an average of 198 for 26 straight ABC's. He has also rolled four 1900's in the all events competition.

Hank Marino, Milwaukee, Wis.—While winner of only one ABC title, the doubles in 1916, Hank has a life time average in 35 meets of 195. He holds ABC mark for most sanctioned 300 games with 11. Was elected the "Bowlers of the Half Century" in 1951. A consistent star, he was elected to the Hall of Fame in 1941.

Peter Howley, Chicago, Ill.—Became famous for his marathon-like record of bowling in the first 46 annual American Bowling Congress tournaments. He started in the 1901 classic at Chicago and ended with the 1949 meet in Atlantic City. His lifetime average for the 46 ABC's is 178. Was elected to Hall of Fame in 1941.

Joe Bodis, Cleveland, Ohio—Winner of the ABC team title in 1924, he became more famous as the first man to bowl eight consecutive 1800's in the tournament. He created a 10-year average record in 1935 or 205-76 and the mark stood until 1949. Has lifetime ABC average of 195. He was elected to the Hall of Fame in 1941.

Joe Wilman, Berwyn, Ill.—Considered one of the great bowlers of all time. Won three ABC titles, has rolled two all events scores over 2,000, rolled eight straight 1800's, 12 consecutive 600's and has held the two-year, three-year, four-year, five-year and 10-year average lead. Was elected in 1951 in the first election held since 1941.

Elmer H. Baumgarten, Milwaukee, Wis.—Secretary of the American Bowling Congress from 1932 to 1951. Was the first member elected to the honorary section of the Hall of Fame in a special election last year. Guided ABC through its greatest years of growth.

Motor City Proprietors Do Big Job

Promoting Bowling

By Steve Cruchon
Editor, Detroit Modern Bowler

Detroit, a city that takes great pride in its exalted position in the bowling world, is leaving no stone unturned to ensure that it will *always* be a top-ranking tenpin town.

Already boasting upwards of 170,000 sanctioned men and women league bowlers, the Motor City, birthplace of myriad widely-copied kegling innovations and promotions, today is pulling harder than ever on its bowling oars.

Recently a visitor from another midwest bowling hotbed was amazed to see streetcars in Detroit carrying huge posters extolling the tenpin sport. When told that the posters, a brainchild of the Bowling Proprietors Association of Greater Detroit, were appearing on more than 250 streetcars and buses, and would appear for three full months, the visitor was completely dumfounded.

But, shucks, that was nothing, it can be pointed out.

"Oughta see what we're doing for 'kid' bowlers", Detroiters might add, with chests justifiably inflated.

The Bowling Proprietors Association of Greater Detroit has long sought to lift bowling into a place of prominence in the community. Last December it was rewarded for accomplishing exactly that.

The reward came in the form of official recognition of bowling by the Police Department of the City of Detroit. Inspector Sanford W. Shoults, head of the Juvenile Division, informed members of the BPA that they had played a leading role in helping to create better citizens through the curtailment of juvenile delinquency.

"I am proud to inform you," said Shoults, "that juvenile crime in Detroit has decreased approximately 75 per cent and I think it is the work of you men in the bowling business who have helped to bring this about."

"It was not too long ago," Shoults continued, "when the mere linking of youth with bowling was unthinkable. That is past now. Your bowling establishments have become an integral part of any community. . . ."

Later that same month the Detroit Department of Parks and Recreation, taking its cue from the Police Department, officially adopted bowling as part of its well-balanced program.

It was the first time in the long history of bowling that any city officially recognized the game of tenpins and made it a part of its civic program.

In taking this action, John J. Considine, general superintendent of the Department of Parks and Recreation, stated:

"We of the Recreation Department are most happy in being able to adopt bowling as part of our program and to work in cooperation with members of the Bowling Proprietors Association of Greater Detroit to assure its success."

Considine further stated that the barrier of inadequate facilities found in such sports as hockey and basketball would not be present in bowling. ". . . For there is a bowling establishment in each neighborhood and these establishments, in reality, mean just that many more community houses."

It was brought out that, with the 2,000 alley beds made available by the BPA, the Department of Recreation could care for some 90,000 boys and girls each week. This would make it the largest recreational program ever undertaken—in fact the greatest concentrated indoor activity for youngsters in the 250-year history of Detroit.

According to W. W. Edgar, executive secretary of the Detroit proprietors' group, the junior bowling tie-in with the Recreation Department will operate in this fashion:

"In Detroit at the moment there are 167 community houses, each with a supervisor. In each community house the youngsters will be enlisted for the bowling program. They will not be organized there. Rather, the supervisor will take the group to the neighborhood bowling establishments where the proprietor, or manager, then will organize them into teams and leagues. They will, in time, become part of a proposed gigantic city recreation league."

"The members of the Bowling Proprietors Association of Greater Detroit," Edgar continued, "are cooperating to the extent that bowling will be offered at a reduced price and they will supervise the organization of teams and leagues. They also have agreed to reduce the cost of shoe rentals."

If any one person deserves an extra pat on the back for bowling's affiliation with the Police and Department of Recreation in Detroit that person is Edgar, who for years has worked with that end in mind.

Looks like bowling in Detroit is here to stay in a big way for a long, long time, doesn't it? . . .

Wisconsin Tops in Bowling

Annual State Tournaments Conducted in Badger State Continue to Be the Largest in Country

By Hank Sayrs
Milwaukee Sentinel Bowling Editor

Milwaukee and Wisconsin long have claimed to be the "bowling center of America."

It is true there are other states and cities which have more bowlers but the Wisconsin state and Milwaukee city tournaments go far towards supporting Badger claims.

For many years the state meets have attracted more team entries than the combined efforts of Michigan, Illinois and Ohio and, since 1935, no state tournament has come close to topping Wisconsin's tournament popularity. In the same breath, you can add that no city, regardless of the size of its city association, has approached Milwaukee's record-upon-record turnout.

A fitting question would be—Why?

Clarence Jonen, who is secretary of the Wisconsin State Bowling Association and the Milwaukee City Bowling Association as well as being a director of the American Bowling Congress, attributes the major share of success to three things—

Close contact between the city association and the secretaries of the many leagues,

Co-operation between the bowling alley owners and the two associations, and

Strong contact work by the 28 directors of the state association.

Jonen would be the last person to take any credit for building the bowling game in Wisconsin to the point it now stands but the fact remains that it has been, to a great extent, his untiring efforts and the civic pride of the thousands of bowlers to back up his many optimistic predictions.

While at St. Paul during the American Bowling Congress tournament convention, Jonen, during a short talk to delegates, declared that if the ABC came to Milwaukee in 1952 the Cream City would have not less than 12,000 teams hitting the pins in the ABC, state and city tournaments.

What has happened?

The ABC drew 7,736 quintets, the state 3,125 (these two equal 10,861 alone) and the city will have close to 2,500 teams.

That puts the figure over the 12,000 mark and then some.

The 47th annual state meet, held in Milwaukee during 1949, set the record of 3,215 teams and this year's meet, second highest, 3,125. From 170 to 180 Wisconsin cities are represented in this total from year to year.

At tops, most other state tournaments draw in the neighborhood of 700 to 800 teams.

Wisconsin is a state which ranks fifth nationally in the number of bowlers but which usually pulls from three to four times as many entries for state tournaments competition than any other. What a record!

Jonen took over as secretary in 1935. Let's take a quick look at the number of team entries in state tournaments since his first effort drew 623 teams:

1936—1,032; 1937—1,350; 1938—1,370; 1939—1,702; 1940—1,810; 1941—2,204; 1942—2,006; 1943—1,821; 1944—2,093; 1945—2,245; 1946—2,518; 1947—2,905; 1948—2,817; 1949—3,215; 1950—2,862; 1951—2,812; 1952—3,125.

Except for the war years, each meet has been a banner one and the 1941, '42 and '43 tests certainly didn't have to take a back seat to any meet.

New York, Illinois, Ohio and Michigan boast more bowlers than Wisconsin.

Just for a sake of comparison, let's refer to 1948 when Detroit was host to the ABC.

The tournament set a new record in total entries with 7,348, which stood until this year when Milwaukee soundly trimmed it with 7,736.

The records show that Detroit had approximately 2,200 leagues, Milwaukee only about 900. The difference in individual bowlers was about 25,000 against 8,000.

But Milwaukee put in some 2,700 teams into the ABC tournament and Detroit about 2,400. With about 9,000 teams in the entire state and with many bowlers seeing action on more than one team, it is clear that Wisconsin backed the ABC tournament almost 50 per cent—a wonderful achievement.

Jonen believes that by keeping league secretaries well schooled in bowling affairs they are more conscious of the importance of major tournaments and do more to make them successful.

"I'm not taking any credit away from officials of the ABC," Jonen declares. "Charlie Treuter (tournament director), Joe Smolen (in charge of reservations) and everyone connected with the organization have worked day and night towards putting Milwaukee over the top.

"But at the same time I believe that without a tournament-conscious background such as Wisconsin has it would have been impossible."

Another good indication of the popularity of bowling in Milwaukee is to compare the total number of sanctioned teams from last year. Milwaukee had 7,751—New York 8,884.

Yes sir—everybody bowls in Milwaukee and Wisconsin and carries sufficient civic pride to make good the boast:

"Our tournaments are the best in the nation."

This Bowling Game

Lightnin' Fast

It was always fun to bowl with the late Charley Daw of Milwaukee because he never took himself seriously and was quick on the trigger with that Irish comeback.

In the late 20's he was bowling a $1,000 match with Hank Marino. It was the opening block before a big crowd in the old Randolph alleys in Chicago and Daw was collecting a few lucky strikes as only he could.

After a particularly thin schleifer which left about six pins on the alley for five or six strikes in a row, a lady fan, seeking to tease the Milwaukeean said: "If you were my husband, I'd feed you poison."

"If I was, I'd take it," came the soft spoken answer.

100 More Days Till Xmas.

Bowlers can be trusted to do their share of growling about most everything. Recent tendency of longer league schedules—from September until June—has added some humor to the sport.

Al Parigian, clowning anchorman for the Detroit WXYZ-TV team, displayed a keen appreciation of those long schedules on the opening night of the Detroit Major Classic as its 1951-52 campaign got under way last September.

As Parigian walked out of the locker room and headed for the alley to roll his first ball of the season, he grinned and remarked loudly: "Boy, will I be glad when THIS season is over."

Love That 10 Pin

Last spring at St. Paul the ubiquitous Joe Norris of Chicago managed to get in a fast quote with one of his Twin Cities interviewers, claiming: "that there was no such thing as a 10-pin tap."

He was reminded of this interview on many occasions. It is a well known fact that Mr. Norris and that 10 pin are buddies—in fact synonomous.

A few nights later in the St. Paul Classic where Joe was "subbing" he was having a tough time with his "mother-in-law" when some spectator penetrated the din of falling pins: "Mr. Norris, are those taps?"

The famous Norris smile flashed at the stranger as he came over and explained to his tormentor: "Bud, if it wasn't for that 10 pin standing once in a while bowling would be a dull game."

This Strike I Remember

By Junie McMahon

Confidence is a tremendous thing in bowling and the strike I remember was one which was terrifically lucky but led to my first National championship.

It was in the 1947 ABC tournament at Los Angeles and came in the third game of my singles. Fred Breckle, the Detroit veteran, was leading with 738 and Hank Lauman, of St. Louis, bossed the all-events with 1944.

After the fourth frame in my final game, I needed seven strikes in a row and a nine count to beat Breckle. I had to have six in a row to go by Lauman.

I managed to strike in the fifth, sixth, seventh and eighth frames. By this time, everyone in the building had stopped bowling to watch me finish—except one pinboy.

I started to the line for the ninth frame and just as I was going into my last step this pin-boy banged a bowling pin against the side-boards on the next alley.

This sudden noise caused me to pull up on the ball. I came in high on the head pin. I was horrified and by some stroke of luck, they all went down—the No. 7 and No. 10 just barely joining the others in the pit. It was a cave in.

When I saw that strike, I had all the confidence in the world that I could go all the way in the 10th frame.

I did strike out, too. I went by Breckle with 740 and passed Lauman with 1965 to win both titles.

I've always wanted to give that pin-boy an orchid or something. He could have loused me up, but instead his action resulted in giving me the confidence I needed to continue striking in the 10th frame."

—As told to Dick Peters

What Price Bowling Bag?

In New York City there is a big chap, Mickey Watts, who likes his bowling no matter how. He's 260 pounds and built in proportion and wears shoes around 13½ or more, nobody is sure.

He is a 195 average bowler and rolled a 300 game in the Falcaro sweeper last year.

A few months ago someone gave him a bowling bag. It was one of those pinched in outfits that look like it would not hold much of anything.

He had his ball and shoes on the floor as he ruefully looked at the bag. He turned to a friend and asked, "Is that bag big enough to hold my shoes, too?"

The friend laughingly answered: "I dunno Mickey. Why don't you put the ball in one of the shoes and throw away the bag?"

Close Call

Frank Katsalis, 22-year-old star of the Classic League of Chicago, was almost blind after birth. His dad, a grocer, hurried desperately about the city in search of a doctor to treat the child's eyes.

Several claimed the cornea was too weak and that the boy would eventually become totally blind.

Then Mr. Katsalis found a doctor who prepared a special medication to save Frankie's sight. And in the nick of time too for ironically, the doctor died a few days later.

But No Pins!

Leo Manera of Toledo is a bowler of no mean ability but he had never received many compliments about his game until recently when he purchased a new ball.

The first person present at the unwrapping of the new marble was Al Dugay, the two meeting in the cocktail lounge of a Toledo pin palace.

Manera began explaining about how the new grip was going to improve his average and after some conversation he said: "Look, I'll show you what I mean."

Whereupon he started his delivery, but instead of holding onto the ball it squirted out of his hand.

The ball knocked over three chairs and tore off a leg of a table.

Dugay surveyed the damage and quipped: "Manera that's the first time you've ever had any 'stuff' on your ball."

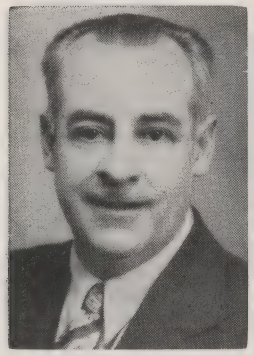
—Tom Bolger

A SURE short cut to fame in bowling is to roll a 300 game in an American Bowling Congress tournament. It is bowling's most dramatic performance and only 11 men have accomplished this feat in over 3,475,000 games during the past 46 tournaments.

The first person to roll a 300 in the ABC's team event will become famous overnight. All 11 previously rolled have been either in the doubles or the singles play.

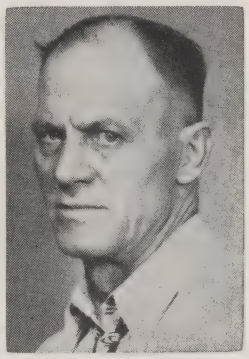
The state of Ohio has played an important part in the history of ABC 300 games. All but four of these have been rolled either by Ohioans or in an ABC tournament conducted in Ohio. The first two were rolled in Toledo 13 years apart.

The eleven men who have experienced the thrill of a 300 game in an ABC, are pictured below.



The late Billy Knox, Philadelphia, rolled the first ABC 300 in 1913 at Toledo in the singles. He rolled 17 straight strikes, the record still stands after 46 tournaments.

Charlie Reinlie, Racine, Wis., scored the second 300 in 1926, again at Toledo. Reinlie and partner, Rudy Reiple, set new doubles game record of 526. It now ranks fourth highest.

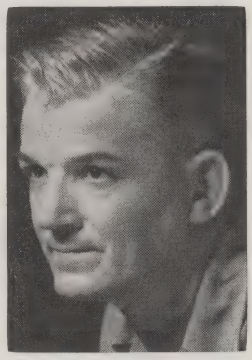


Jack Karstens, an infantry private and member of the Fort Sheridan (Ill.) team, hit ABC's third 300 at Columbus in 1933. A 15-year ABC veteran, he was one of calmest.

Carl Mensenberg, alley operator in Bethehem, Pa., scored the ABC's fourth 300 in 1935 at Syracuse, N.Y. He used borrowed-ball; was handicapped by sore right hand.

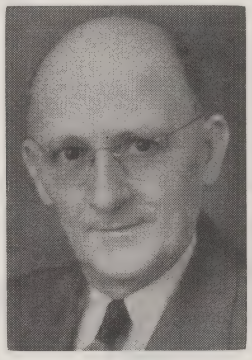
300 BOWLERS

IN ABC TOURNAMENTS

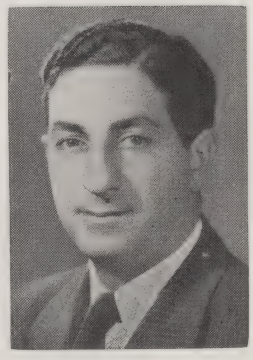


Mike Blazek of Conneaut, O., was rolling as a substitute in 1938 Chicago ABC when he hit the fifth 300. He finished singles with 616 without a 200. (171—145—300).

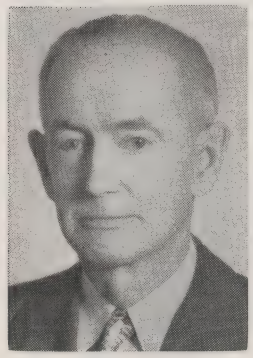
William McGeorge, Kent, O., rolled sixth ABC 300 game in his first ABC tournament. He was 53-years and 258 was his previous high game. He hit Brooklyn on last strike.



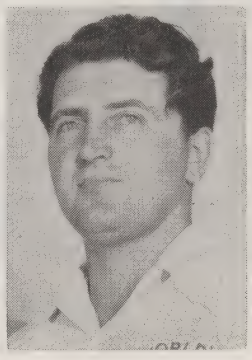
George Pallage, Akron, O., was seventh man to roll 300 in ABC. In 1940 at Detroit it was third successive 300 in singles in three years; all by Ohioans. 12 pocket hits.



Michael Domenico, Canton, O., rolled ABC 300 number eight in the 1940 ABC. First year two 300's rolled in same tournament. Domenico's 300 game was in the doubles.



William Hoar, Chicago, rolled ninth 300 at St. Paul in 1941. Hoar was rolling in his 18th ABC but had missed two years before. A break helped 10th strike; rest were good.



Leo Rollick, Los Angeles, was 10th man to score ABC 300. Rollick was on winning Llo-Da-Mar team, won singles and posted 300 in doubles. 2052 all-events was second.

Vincent Lucci, Trenton, N.J. rolled the last 300 in ABC. He accomplished the feat only a few hours after a 299 game had been rolled in the 1951 tournament at St. Paul.

James Pixlee, an executive of the Veterans Administration whose stock in trade is human nature, once warned the Bowlers Victory Legion to think well before it undertook to do anything on a permanent scale for the hospitalized GI's.

He was skeptical when the National Bowling Council, at the end of World War II, determined to carry on with BVL. If the Bowlers of America instituted a program designed to keep patients constantly aware that they were not forgotten men, then dropped it, the BVL would sink deeper the wounds it sought to soothe . . .

Mr. Pixlee's fear have since proved unwarranted. As of February 5, some $24,556.83 had already been collected this season and many of the larger bowling centers such as Detroit had not yet reported.

Pixlee recognized the job done by BVL in the letter reprinted below:

BOWLERS VICTORY LEGION REMEMBERS HOSPITALIZED VETERANS

VETERANS ADMINISTRATION
WASHINGTON 25, D. C.

December 12, 1951

Mr. A. L. Ebersole
Bowlers Victory Legion
1420 New York Avenue, N. W.
Washington, D. C.

Dear Ebby:

After reading the **Bowlers Victory Legion** monthly publication Volume X, No. 3, of November 30, 1951, my thoughts drift out to the 157 Veterans Administration hospitals where you have made contributions which I believe are a bit beyond the understanding of most of the members of your Legion.

I realize that you receive many letters from these hospitals expressing deep gratitude for the generous contributions you make in the form of periodicals of great interest to our disabled veterans. A letter from me covering identical territory would, therefore, add nothing in the way of emphasis.

There is a point I feel I can make that will serve to emphasize our oft-expressed opinion that the service rendered by the many thousands of those who make up the Bowlers Victory Legion is beyond comparison.

The point I wish to make is that to my mind, and to the minds of all my associates who work with our hospitalized veterans, the most valuable contribution you are making and have been making is not the periodicals you place in the hands of our patients but rather the fact that with the arrival of each copy of these periodicals at the hospital, our patients are reminded that literally hundreds of thousands of people in the outer world have not forgotten them and the price they paid for serving their country.

The veteran knows where these periodicals come from and that hundreds of thousands of people have pooled their interests and funds to make them available. He also knows that this is a continuing effort each day, each week, each month, and each year, and that it is not the result of an annual campaign during which public interest is whipped up in his behalf for one day and then forgotten the other three hundred and sixty-four days.

It is hard, if not impossible, for the average person to realize this important fact and **that** realization was the reason I warned you when this program was initiated that we would be faced with real tragedy if the time ever came when the Bowlers Victory Legion would see fit to withdraw its support of this program.

The Bowlers Victory Legion has stepped into our hospitals and is now filling a void which should never be permitted to exist. Such voids are invariably filled with despair, deep depression, and hopelessness if corrective measures are not taken.

Words fail me when I try to express my feeling of gratitude and appreciation for what your Bowlers Victory Legion has been doing for our hospitalized veterans. I feel better, however, for having made the attempt.

With kindest personal regards and best wishes for your continued success, I am, as ever,

Sincerely yours

JAMES E. PIXLEE

There was plenty to talk about when six association secretaries from Southern California got together with American Bowling Congress secretary, Frank Baker on his recent swing through the west. Baker was accompanied by ABC President, John Canelli. Shown here, left to right: Baker, Jack Wood, San Gabriel Valley; Alan Alexander, Long Beach; Joe Anderson, Southeast Association; Ben Done, Citrus Belt; Jim Kendricks, Orange and Bryan Jacobs, Los Angeles.

Baumgarten Testimonial Set April 24

One of the highlights of every American Bowling Congress convention is the annual President's party, honoring the current president and the president-elect. This year the President's party will be bigger than ever for it will be combined with the Baumgarten Testimonial in a dual celebration.

A special committee, under the direction of past president Lester Baston of Tulsa, Okla., has been working hard the past year making special arrangements for the party honoring secretary-emeritus Elmer H. Baumgarten who resigned as secretary last year.

While full details for the party are not yet completed, it has been announced that John Carmiechel, sports editor of the Chicago Daily News and long-time friend of Baumgarten's will be on hand as a speaker. Lloyd Larson, sports editor of the Milwaukee Sentinel and widely known for his speaking capabilities will act as toastmaster. Billy Sixty, one of the nation's best-known bowling writers will also talk.

The party will be held at the Milwaukee Elks Club on the evening of April 24. One of the high-spots of the evening will be a presentation to Baumgarten by ABC president John Canelli on behalf of the board of directors.

Aside from the formal end of the festivities, there will be a buffet luncheon served and plenty of entertainment will be on hand to keep the big affair moving at a lively pace.

As in the past, the president's party will be a big affair in itself, while it is being held in conjunction with the Baumgarten testimonial, the two parties will each share in the spotlight.

Coshocton Bowler Has 10 Straight Nine-Pin Counts

Coshocton, Ohio—Karl Chilcote, member of the City Merchants league had a great time of it on Oct. 15 when all ten of his "first balls" yielded him nine pins each. On his extra ball he got a strike.

He converted a number of spares, enough to enable him to hit a 157 game.

Bowling Writers Set For Heavy Slate April 24

As in the past, the annual meetings of the Bowling Writers of America will again be held during convention week at the American Bowling Congress tournament.

Billy Sixty, Milwaukee Journal bowling editor, who is in charge of the scribes annual tournament in addition to heading the entertainment committee has announced that the bowling writers meet will get underway at 11:00 a.m., April 24th at Hank Marino's alleys. The affair will run until 3:00 p.m.

Sixty has made special arrangements with the Pabst Brewery to have a continuous smorgasborg from 1:00 p.m. until 3:00. That means those who finish early will be able to move right on over to Pabst and enjoy a delicious lunch and all the amber fluid they desire.

The writer's convention proper will get underway at Pabst at 3:00 p.m. Bill Hengen of the Minneapolis Star and Tribune, president of the BWA will preside over all business sessions. As soon as the formal meeting is over the awarding of the prizes won in the tournament will take place.

After that the writers will move over to the Shroeder Hotel for the annual Gridiron Party sponsored by the ABC. BWA festivities will be concluded that evening with a midnight luncheon sponsored by American Machine Foundry Company.

Pin Flipflop Keeps Bowler From a Strike

Fort Wayne, Indiana — Homer Long, local bowler was robbed of a strike in a most unusual manner here recently. All the pins looked like they had surrendered as he turned towards bench confident that he had registered a strike. Everybody shouted and when he looked back he saw a pin standing near the No. 6 spot. It had done a complete flipflop to land on its base and remain standing.

Milwaukee, Wis.—Harold Olson of the Hedl 835 circuit came with an all-spare game recently that included conversion of the 4-6-10.

ABC Convention Highlight of Big Tournament

The question is often asked: "Who runs the American Bowling Congress?" The answer is, of course, the bowlers, and Milwaukeans will be able to see the proof of it for themselves on April 25 when the annual convention of delegates is held.

Every City Association is allowed one delegate to the convention with the larger associations getting one delegate for every 500 teams or major fraction thereof. Last year's convention saw a total of 369 delegates on hand to rule on ABC affairs.

Prior to the convention proper, the various committees of the Congress are in session for four days sifting reports from all sections of the country. After a thorough study, each group makes its report to the convention delegates who in turn have the opportunity to discuss any matter they desire. Everyone has a chance to speak his piece and often as not there are fiery discussions from the floor.

One of the biggest tasks each year are the proposed rule changes and this year is no exception. Many and varied rule changes have been submitted and delegates will be asked to act on each and everyone. A complete copy of the proposals was submitted to every association prior to the convention so that they could have time to study them.

Another highlight of the heavy convention week schedule will be a meeting for all state and city association presidents and secretaries on the morning of April 26. Department heads from the ABC home office will explain to the group the operations of the home office and offer advice on the operation of successful associations.

Canelli, Baker Make Swing Into Far West Areas

John J. Canelli, Toledo, ABC President, and Frank K. Baker, Milwaukee, ABC Secretary-Treasurer, visited one of the outlying bowling areas in January. The trip, a part of a plan to have ABC officers visit every section of the country, took the two men into California for four important bowling meetings.

In Los Angeles more than 300 bowlers gathered to hear messages from the ABC officials. Other meetings included San Diego, San Francisco and a group meeting with the California State Bowling Council officers.

En route to the home office in Milwaukee, Baker and Charlie Fleming, ABC Field Representative, stopped off in several Southwest U.S. cities for a visit with city association officers. They attended an association meeting in Amarillo, Texas.

says Ed Kawolics,
Holder of Peterson 2-in-1 Classic and Masters Round-Robin Championships and six 300 games bowled.

"It's a pleasure to wear a bowling shirt that stays down like my King Louie"
says Harry Lippe,
Chicago Singles and All-Events Champion who carried a 1950 Classic League average of 211.

"What a relief . . . no pull in my King Louie Bowling Shirt"
says Joe Sinke,
ABC Doubles Champion, National Match Game Doubles Champion and co-holder three-game World's Record Doubles Score of 1563.

"My King Louie Bowling Shirt really feels good to wear"
says Ed Brosius,
Illinois State Doubles Champion, National Match Game Singles Finalist who finished 6th in ABC All-Events.

have you tried... National's REDI-LAC?

Since introducing NATIONAL'S REDI-LAC Alley Finish two years ago its acceptance has far exceeded our expectations.

Only a product of great merit could enjoy such success in so short a time. This was accomplished without making a lot of fancy claims. The success of REDI-LAC can be attributed mostly to consumer satisfaction with the ultimate result of one bowling alley operator telling another of REDI-LAC'S ease of maintenance, good scoring qualities and the long wearing factor that has made REDI-LAC so popular.

You are no further away from us than your telephone. Why not give us a ring or drop us a line? One of our representatives would welcome the opportunity to discuss our REDI-LAC Alley Finish with you.

Boston, Mass.—The Hyde Athletic Shoe Company of Boston is giving a pair of their best shoes to every member of the American Bowling Congress rolling an ABC sanctioned 300 game this season.

Thus far they have sent 40 pairs of shoes and are eagerly looking for more sanctioned 300 bowlers.

•

Chicago, Illinois—In January the managers of Brunswick - Balke - Collender's many branches and the men in charge of Brunswick's foreign trade gathered in Chicago.

There, along with home office personnel, they planned for the coming year. New Brunswick products were displayed, and methods of providing customers with the finest possible service were discussed.

•

New York, N.Y.—The Johnson & Johnson Co., has marketed a new BAND-AID plastic strip which was designed for bowlers. Its flesh colored strip of plastic adhesive tape has a small pad of absorbent gauze in the center. These thin dressings stay put because they are elastic and stretch.

Frank Limberg Made Chicago BA. Secretary

Chicago, Illinois—Frank Limberg, for 20 years a well known bowler in the Randoph league who usually averaged between 195 and 200, was appointed temporary secretary of the Chicago Bowling Association to fill the unexpired term of the late Roy Davis. Directors of the CBA made the appointment. The association will hold its annual election later in the year.

4 PAGES!

Worth seeing, worth saving for personal or club files: 4 color pages of distinctively styled, handcrafted "Herff Jones" bowling trophies, medals, pins for every award requirement—in this issue.

Archer, Anthony B., Yonkers, N.Y., 74, died on Jan. 7. He was a former professional baseball pitcher and for the past 20 years was popular manager of Yonkers bowling establishments, including the YMCA where he was a resident.

Shaw, Joe, 75, Chicago, died Apr. 11 after lingering illness at St. Elizabeth's hospital, Chicago. He was an American Bowling Congress champion winning the singles in 1920 with 221-235-257—713.

Strehlow, Arthur, 59, Milwaukee, Wis., died in his sleep on Jan. 18. A few hours before he had rolled in the Harmeyer Major having a 278 game and a 660 series. He was in seemingly perfect health.

Errors, Splits Bewilder Bowlers Of Rustic Club

Chicago, Illinois—Members of the Rustic Club, which bowls at the Hollywood Bowl here, claim that bowling is unexplainable. On Oct. 24 Ed Kristufek missed the 5 pin and then converted the 8-10 in successive frames. Bill Vandenbergh blew two one-pinners and then made the 4-7-9-10 and the 4-6-10 in the last two frames. The latter mark won the game by one pin after Harold Cohen, the opposing anchor man, converted the 4-6-7 rail.

New Jersey Governor Dedicates 40-Alley Spot

Mountainside, New Jersey—Governor Driscoll of the state of New Jersey got a big thrill here recently when he dedicated the new 40-alley Echo Lanes. Joe Wilman of Chicago assisted him.

Gentlemen:

We know you are interested in our experience with your Berry Brothers "Top Flight" Bowling Alley Finish which we have used during the 1950-51 and 1951-52 seasons.

It pleases us to report that the Industrial and Commercial Leagues who have been with us for the past five years, began their steady increase in percentage points just in the last two seasons.

Our "A" league, as well as our "C" league, bowlers show not only a steady, but higher year to year individual average increase since using your finish.

We believe Berry Brothers Finish is responsible for this yearly improvement, as it gives the bowlers the bowling conditions they like best.

The comparisons we have made with other finishes leave no doubt with us that Berry Brothers "Top Flight" Bowling Alley Finish does even better than you claimed.

Sincerely yours,
Anthony Szyszkowski

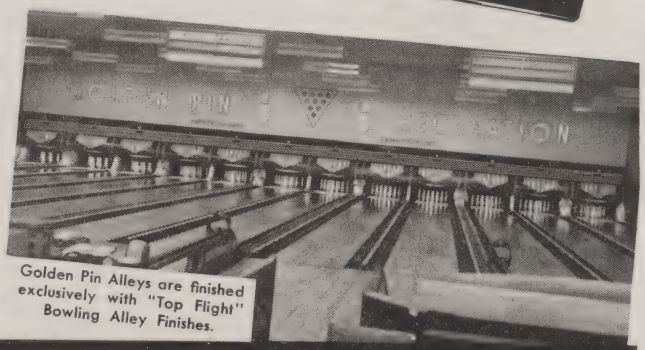
Alleys are Producing Higher Team and Individual Averages Each Year

The combination of "Top Flight" Bowling Alley Finish and "Top Flight" Bowling Alley Cleaner and Polish gives exceptional ball control. Results . . . higher bowlers' scores year after year.

James Rieman says, "My average has increased steadily from 173 to 180 in four years. In fact, I recently bowled a 297 with a 689 total on "Top Flight" Finished Alleys."



Golden Pin Alleys are finished exclusively with "Top Flight" Bowling Alley Finishes.

It's Homecoming Year for the ABC

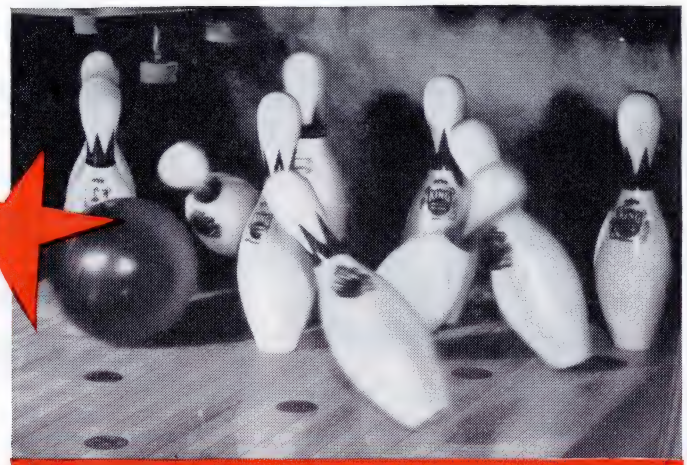
This year, for the first time in 20 years, the ABC Championships come back to Milwaukee—home town of The American Bowling Congress.

And how this champion sport has grown since it left home! The ABC is now the world's largest sports organization and its annual championships are the "world series" of the world's most popular participation sport.

Brunswick, like Milwaukee, knew the ABC "way back when," and joins its many friends in wishing them continued progress. We're happy to be able to contribute to the assured success of the 1952 Championships. Ready at Milwaukee on March 22 will be 40 Centennial lanes by Brunswick, a full supply of Red Crown pins and other championship Brunswick equipment fit for the use of the great champions and the good sportsmen in the ranks of the ABC.

THE BRUNSWICK-BALKE-COLLENDER COMPANY

You'll see these famous Brunswick® Stars in action!



★ **BRUNSWICK RED CROWN KING PINS**
Lively, high scoring Red Crown pins provide bowling at its best. Used in more league play than any other pins.

★ **BRUNSWICK B-10 SEMI-AUTOMATIC PINSETTER**
Gives fastest, smoothest, most efficient pinsetting. The B-10 speeds play, spots pins more accurately.

★ **BRUNSWICK C-20 AUTOMATIC BALL RETURN**
Picks up ball, lifts it automatically from pit to return track. Better, faster service, saves tons of lifting.

★ **BRUNSWICK SINGLE UNIT TEL-E-FOULS**
Alert, impartial and consistent foul judging . . . electronically. Now installed in more than 20,000 lanes.

AND OF COURSE, many of the leading contenders will be rolling their own Brunswick Mineralite balls. It's the same ball bowled by Joe Wilman, Harold Asplund, Frank Benkovic, Buddy Bomar, Pete Carter, Ned Day, Dick Hoover, Joe Norris, Walter Ward, George Young, Buzz Fazio and other top scorers. Visit the Brunswick booth at Milwaukee. Your souvenir score card will be waiting for you.

Association News

LaCrosse, Wisconsin—The LaCrosse BA conducted its annual Polio drive recently collecting $478. A check of $120 was sent to the recreation fund of the Tomah Veterans Hospital and $358 to the La Crosse Polio Foundation.

●

Adena, Ohio—The 16 teams comprising the Adena BA raised $70 for the March of Dimes here Jan. 18. They were greatly assisted by the generosity of proprietor Alex Jonard who reduced the price of bowling to 10 cents a game, the bowler's extra 20 cents going to the "Bowl That Others May Walk" campaign.

●

Cambridge, Ohio—Bob Bennet, local radio and TV specialist, broke an all time association record on Nov. 28 when he rolled 767 at the Capitol Recreation. The previous high was a 735 rolled in 1940 by Thurman Allen.

●

Dallas, Texas—The Dallas City BA tournament broke a 27-year-old record in number of teams competing. The association has decided to reduce competition in this event to one time.

●

Syracuse, New York—The Syracuse BA, through the enterprise of B. W. Sarno, secretary, printed a snappy bowling poster last fall extolling 16 different phases of American Bowling Congress and association promotions in the new expanded service program.

●

Ilion, New York—Ralph Judge's 733 series rolled here Nov. 20 set an all time city association record and was rolled in the State Men's A league.

●

Reeseville, Wisconsin—"Shorty" Kuehl, local bowler, rolled an all spare game here Dec. 9, the first of its kind in this little city. His score was 182.

●

Denver, Colorado—The bowlers of this city and the management of the Recreation Lanes collaborated here on a one-day polio bowling show, Jan. 19, in which a total of $500 was raised and presented to the March of Dimes Committee. Jack Steward, owner of the Recreation, added his personal check of $83.75 to make it an even $500.

●

Ottawa, Illinois—The five Ftacek brothers, who bowl in the Greater Ottawa League, are made up of Abe, John, Joe, Jim and Andy. Their team average is 820 and their combined service record in World War II was 200 months.

●

Springfield, Ill.—Charles Moore, member of the Elks Major League, rolled a Dutch 200 game here January 14. It was the first one locally in over a year.

●

Brooklyn, N.Y.—The 27-game winning streak of the Highway team in the Brooklyn Class D Traveling League was snapped by the Lincoln Road team in the early part of December.

•

Philadelphia—The Apex Commercial B league ended their first half in one of the closes races that they had ever experienced. The Penn Fruit team won 28 games; then there were five teams tied for second place with 25 victories; two teams tied for 7th with 24; three knotted up for 9th spot with 23 and three more tied for 12th with 22 triumphs. Also notice that there was only six games between the pacesetters and the tailenders.

•

Brimfield, Illinois—Paul Heing, Goodfellow league, recently rolled three consecutive 339 league series.

•

Muncie, Indiana—The eight-team 20th Century league here is having an unusual race. On Jan. 16 the standings sheet disclosed a real oddity. The first place team, Parrakeet Inn, was one game ahead of the 2nd place quintet. The 3rd place outfit was one game behind 2nd. One-game margins separated all teams from each other on a descending basis and there were no ties.

Another oddity was shown when it was discovered that the last place team had the highest total pin record of all of the teams.

This league votes a $1 weekly gift to the Bowlers Victory Legion.

•

Buffalo, New York—Harold Gallisdorfer, leadoff man for the Yannigans in a local church league, recently rolled a 155 game. Ray Nill, No. 2 man hit 156; Mil Bauer, No. 3 man shot 157. The next two men in order: Herb Bush and Fred Strobe, chalked up 158 and 159.

•

Chillicothe, Ohio—The Ledger and Offset teams of the Mead Paper League tied each other in the first and second games of their series here Nov. 27. Members of the league felt that this was an unusual record but learned that on two other occasions rival teams have tied all three games.

•

Red Bank, New Jersey—George Woods and Alex Rogel, members of the Squier Signal Laboratory league converted the 4-7-9-10 within a few seconds of each other to the amazement of their teammates.

•

Wichita, Kansas—The standings of the Wichita Classic, an eight-team league, saw every team in the standings exactly one game behind its predecessor after the sheets were posted on Nov. 9. Victories were linked up like this: 23, 22, 21, 20, 19, 18, 17 and 16.

•

Manitowoc, Wis.—Alvin Borths, member of the Monday Nite Business League, left up the 5-7-10 here Nov. 15 to the delight of his friends.

•

Union City, N.J.—Charles Michel, 76, past exalted ruler of the Union City Elks Lodge, rolled a 145 triplicate in the Elks league here Dec. 3.

SALUTE TO LA SOCIETE DE 800

By Ferd Lipovetz

The last due tribute and salute to our "800" members—La Societe De "800"—appeared in the Oct., 1949, issue of BOWLING. Another two years have passed by. The honor roster now shows 84 splendid bowlers have crossed the A.B.C. sanctioned tournament or league play "800" line, representing an increase of 17 members during this period.

Annually, the boys compete for two national honors, namely (1) the season's

Victor Giromini

(Sept. 1-June 1) highest three game Singles Competition and (2) for highest score honors in the annual ABC Singles Tournament. In the latter competition, records indicate Hank Lauman, Los Angeles, won the 1949 Atlantic City Championship; 1950 Columbus ABC Honors went to Therman Gibson of Detroit, and the St. Paul 1951 ABC Singles title went to Victor Giromini, Solvay, New York. "Vic" is a member of the Syracuse, New York, "700" Chapter and he (as well as Hank and Therman) will defend his Championship at the coming Milwaukee ABC Singles Classic. Incidentally, such champions are also eligible to compete for the regular "700" member ABC Singles Championship.

The following splendid "800" roster shows that Albert Brandt of Lockport, New York, still holds the all-time world's three game record with his mighty 886 series made on Oct. 25, 1939. To Hank Marino, Milwaukee, goes the Most "800" Series Championships. Hank has 5 such series to his credit. Since our oldest records go back to 1906, if we have missed any "800" bowler let us know. Here's the gang, as of Jan. 11, 1952:

CONGRATULATIONS! To Junie McMahon, Chicago, "700" B.C.A. member No. 2693 and La Societe De "800" No. 70, and Marion Ladewig, Grand Rapids, Mich., "700" B.C.A. member No. 3050 and Les Dames De "700" No. 32, for winning their **repeat** national match game championships in the 1951 Chicago Classic. A "good work" and "congrats hand," also, goes to the other 15 finalists.

In connection with the latter, here's what **James "Pat" Murphy,** Secretary of the St. Petersburg, Florida, Bowling Association writes:

"Dick Hoover, 1950 match game champion, visited our city during the holidays and bowled a number of matches while here. I noticed a "700" insignia on his bowling shirt, so I asked him what a bowler had to do to secure one. He told me to get in touch with you, if I had ever rolled any "700" series in ABC sanctioned league play. . . . I would like to form a "700" club in St. Petersburg, so send me all the info needed."

Well, Gang, Junie, Marion, Dick, "Pat," and thousands of others, are certainly "carrying on" the three points of our national shirt emblem triangle, namely, Bowling Achievement, Bowling Fellowship and Bowling Service.

CHAMPION BOWLING SHIRT
by CROWN PRINCE
is First Choice with Local Bowlers

In Milwaukee, your host city, more men bowl in CHAMPION bowling shirts than in any other shirt worn for bowling. Milwaukee men can recognize quality in their food, their drink, and their apparel. CROWN PRINCE answered this search for quality with the use of fine fabrics cut extra long, and styled with infinite detail in the grandest shirt-making tradition. With top-of-the-league performance, CHAMPION by CROWN PRINCE became Milwaukee's favorite bowling shirt—in less than 3 years from the day it was introduced.

Bowling Popular Sport Among Servicemen

"Bowling is, beyond a doubt, the most popular mass participation recreation ever to hit Europe's military establishment."

This statement is contained in a recent article entitled, "Mineralite and Maples—an EC Combination" by Sports Editor Vin Mullahy of SPOTLIGHT, the official weekly of EUCOM (European Command) special activity.

Mullahy points out how bowling has grown throughout the European Command. "Planned, sponsored and maintained by EUCOM Special Services Bowling and Billiards Section, the program has grown from a scattered few into the present set-up which guarantees at least one five-laner to all enthusiasts, no matter where they may be stationed. And the guarantee includes the fact that the alleys are of the finest, completely modern construction, built by experts."

Other sections of the story paid tribute to the American Bowling Congress for extending its facilities and recognition to American servicemen.

Bowling Provides San Francisco Boys With Ideal "Hangout"

Tangible proof that bowling provides a safe, healthy outlet for youthful activities was provided recently in a letter received by Stan Brier, managing owner of San Francisco's Park Bowl, from youngsters who bowl in his establishment.

"We would like to thank you for all you have done for the teen-agers of the Haight Street district." the letter opened.

"We feel Park Bowl is a place where we can bring our parents and friends and be proud to show them our 'hangout'. At Park Bowl we find all kinds of fun to keep us out of trouble. We can bowl. keep score or just gather, and we know we are safe and in a place that is approved by our parents.

"Again we would like to thank you on behalf of all the teen-agers of the Haight Street district for letting us belong to the 'family' at the Park Bowl."

Bowlers Roll in More Tournaments This Year ABC Figures Show

American Bowling Congress members are competing in 167 more sanctioned tournaments this year than last according to figures released Feb. 10.

Here is a comparison table of standard tournament sanctions:

	1951-52	1950-51
City association tourneys	591	466
Regular tournaments	329	305
Moral support	152	134
Season's total	1072	905

A total of 203 individual or doubles sweepstakes have ben sanctioned, this appearing on ABC's service program for the first time.

BPAA Changes Setup On Tournaments

Chicago, Illinois—The team and doubles championships conducted annually by the Bowling Proprietor's Association of America will undergo an alteration.

Starting with the 1953 tournaments in these two events the champions will be required to compete in the field. The team finishing first in total pins will be declared the champion—the second place team will be given a chance to challenge and bowl for the title.

As this system is somewhat at variance with the present method of competition here is how the two systems will blend into each others:

DOUBLES EVENT

March 29-30, 1952—National Doubles Elimination tournament scheduled at Amherst Center, Buffalo, N.Y. The winner will become the challenger of title currently held by Buzz Fazio and Tony Lindemann, Detroit. The winners will bowl Fazio and Lindemann in January, 1953.

March, 1953—The National Doubles Elimination tournament will be staged at date and site to be announced later. The team holding the title will compete in this affair. The new championship team will bowl the second place team if challenged.

TEAM EVENT

March, 1952—The E&B team, champs, will bowl King Louie Shirts in challenge match.

October, 1952—The National Team tournament will be staged at a place and on a date to be announced later. The winner will bowl the current team champion in Nov., 1952, the winner to hold the title until Oct., 1953.

October, 1953—The current champions put their title on the block when they enter and compete in the 1953 team tournament, the winner of which is the new champion and who must meet the second place in a challenge match the following month.

The 1953 matches will be rolled on neutral sites to be selected by draw by the local proprietor's association.

Hereafter champions and challengers will roll BPAA title matches under a new rule which provides that the local proprietor's association will select sites of these matches by a draw.

Announcement of the changes in the two above competitions were announced here by the BPAA tournament committee: Harold Allen, Detroit; Lou Frantz, Louisville; Dick Carman, Columbus, Ohio; Eddie Linsz, Cleveland, and Hank Marino, Milwaukee, Chairman.

Dutch 200 in Roseburg, Ore.

Roseburg, Oregon—Darrel Anderson, 159 average bowler, rolled the third Dutch 200 game in the history of this bowling association. It came on Dec. 13.

Still Going Strong!

Hustisford, Wisconsin—In 1905 the Grey Eagles team of Hustisford rolled in the 1905 ABC tournament at Milwaukee. They rolled 2398 which was slightly out of the money.

Only one of the five men will compete in the 1952 ABC tournament which is being staged in Milwaukee. He is Paul Blumberg of nearby New Holstein, Wisconsin. He expects to surpass his 422 count of 1905. Three other members of the team are still alive but they will not compete at Milwaukee. They are: A. Dornfeld, W. Roeselar and J. Jeche.

National Mags Plug Bowling In Features

Seven national magazines, appearing since the first of the year, have published interesting stories about the sport of tenpins.

"We Owe It To The Dutch" by Ken Jones appeared in the January isue of NATION'S BUSINESS, a general magazine for businessmen. Dwelling on the tremendous number of industrial, office, fraternal and other leagues, Jones emphasized the importance of bowling as a leisure-time activity for employees.

"A successful recreation program," writes Jones, "must be one in which all workers could participate. On this basis, bowling soon achieved undisputed leadership among employees. By World War II, the sport had been recognized as vital to industrial health."

THE AMERICAN LEGION MAGAZINE for January also saluted bowling with "Bowling Strikes It Rich" by Ed Prell, sports writer for the Chicago Tribune.

Many of bowling's greatest stars received mention including Buddy Bomar, Ned Day, Joe Wilman, Dick Hoover, Buzz Fazio and others. Prell traced the history of bowling's outstanding tournaments, among them the ABC, All-Star, Petersen Classic, Hochstadter Junior Classic and the Dom DeVito Tournament.

Torch Magazine, official publication of the Milwaukee Advertising Club, retold the glorious story of the annual ABC tournaments in a feature by John L. Smith, Editor of BOWLING Magazine. It appeared in their February edition.

Ray Seymour wrote a colorful story of "Hank Marino, King of the Keglers" in February issue of Moose Magazine.

Life Magazine's presentation of the automatic pin spotter was informative and colorful.

Look magazine's four-page story about bowling contained 28 pages featuring Ned Day, Buddy Bomar, Joe Wilman and Marion Ladewig.

The Packard Sports Library, 8th issue, packed nine of its pocket sized pages with interesting material and tables from the pen of Mort Luby.

Brooklyn Votes For Bowling as Aid for Boys

"All of the cases of delinquency that have come to my attention in the past 11 years would not have been there if a recreation such as bowling was made available to the children," stated Salvator Rametta, Assistant District Attorney of the Adolescent Court in Brooklyn (N.Y.) recently.

Rametta's remarks were contained in an article in SPORTS REVIEW, weekly bowling publication in the New York city area.

"Kids possess excess energy," Rametta continued. "This energy must be exploded into the right channels. Bowling, in my opinion, is one of the best outlets. The game has come a long way from the back-room, downstairs hangouts.

"Today's palatial, clean and well-managed establishments are an invitation to all men, women and children. In addition, bowling is not only listed as a recreation but as a health-builder of great value."

Bluffton, Indiana Teams Come Close To Tie-Game Record

Bluffton, Indiana—The Moose Lodge and the Houser Chevrolet teams of the Bluffton Scratch league rolled two consecutive tie games here on Nov. 28 as follows:

Moose Lodge	**868**	**868**	**876**
Houser Chevrolet	**868**	**868**	**847**

On two other occasions in American Bowling Congress history teams have rolled three successive tie games.

Phillips Petroleum Co. Plans Annual Tourney

Bartlesville, Oklahoma—The annual Phillips Petroleum Co., bowling tournament will be staged at the Phillips alleys here on Apr. 4-5-6 and will have over 550 individual participants from the 1,000 bowlers of the various members of Company's seven ABC leagues scattered throughout the middlewest. Members will come from as far west as Washington and as far east as Indiana and Illinois.

Getting no better fast

Parkersburg, W.Va.—The Howes Drug Co. team of the Emerson Pastime league rolled three 856 games here on Dec. 10.

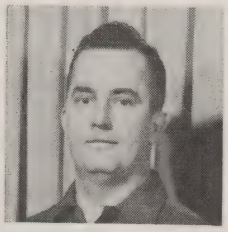
PRESS ROW

Like so many others in his field, Bill Hengen, bowling editor of the Minneapolis Star-Tribune, not only pounds a mean typewriter, but is also quite handy when it comes to spilling maples.



Hengen

Today Bill is guiding his fellow bowling writers as president of the Bowling Writers of America, an honor bestowed upon him last year. He more than proved his right to head the group by winning the Bowling writers own kegling tournament last year.

A graduate of St. Thomas College in St. Paul, Bill went to work almost immediately on the old Minneapolis Journal as a bowling writer and when the paper was merged with the Minneapolis Star, Hengen went along.

The war saw no respite in his editorial work as he joined the Marine Corps and almost immediately became a combat correspondent. After the war he returned to Minneapolis and became sports editor of the Sunday Tribune, bowling writer, and took up the added duties covering boxing.

He has always claimed that he had two big drawbacks in life. The first was having the middle name of Lincoln and the second was being a left-hander. He hasn't let his southpawing get him into any trouble on the alleys, though, as he consistently bends his big hook into the strike pocket.

Bill's two most accomplished feats on the alleys was the winning of the Minnesota State doubles championship with Ed Mady, St. Paul proprietor, and being a member of the state championship Industrial Lumber Company team.

His knowledge of the game was expanded to the official end when he held the presidency of both the Minneapolis and Minnesota Bowling Associations. This year he is captain of his 620 Club team.

Today, in addition to his bowling and newspaper work, Bill enjoys playing with his four children, Pat, Mary, Katherine, Billy. Florence, his wife, is a severe critic of his writing and bowling style.

Come ABC convention time in Milwaukee in April and Bill will be on hand to conduct the bowling writers meetings and defend his own bowling honors on Apr. 24. He will be even busier talking to old friends, for he is one of the most popular figures in this game of bowling.

Dick Watson Takes Pictures At Tournament

Many of the pictures reproduced in BOWLING Magazine each year have been made available because Hollywood's Dick Watson hit upon an idea a few years ago.

Watson for the past four years has been the official photographer for the American Bowling Congress at its annual tournament. He's snapped close to 22,000 team pictures in that time in addition to about 100,000 action shots of individual bowlers.

When he is not working at the ABC Watson is a film projectionist at RKO Studios in Hollywood, California, and has been for many years. Bowling became a hobby of his several years back and since he was an ardent bowling enthusiast he began to mix his two hobbies together. The result was a collection of pictures of California bowling stars. These are still on display at West Pico Bowl in Los Angeles.

Later he did considerable research in shooting these action shots on a production basis. He devised a system which results in the bowler taking his own picture by tripping the camera when his foot slide breaks an electric photo cell at the foul line.

The action shots are taken on a specially built stub alley near the bowlers' paddock. Many star bowlers use these pictures to study their style and they recommend them to the average bowler to study and correct bad habits in the bowling approach.

Watson's production of team pictures has amazed photographers who have visited the tournament each year. Pictures of all teams are taken before they go on the alleys and when they return about two hours later there are as many as six prints of each team available.

A copy of every team picture taken is placed in the photo file of BOWLING Magazine and cross indexed so that a head shot of each bowler is available when needed.

Harry Thoma Robbed of ABC Champ's Pass

Peoria, Illinois—Harry Thoma, American Bowling Congress doubles champion of 1924, was held up and robbed on Jan. 6.

"I didn't mind losing the few dollars but I am put out about the loss of my ABC champion's lifetime pass and would appreciate its prompt return," announced Thoma shortly after the holdup.

This is another "first" for BOWLING Magazine!

On the following pages is the rundown of the top teams that will appear in the 1952 American Bowling Congress tournament. To get this information it was necessary to check the back of every entry blank.

Undoubtedly some good teams have been missed, since on many blanks the material necessary to prepare this list was not filled out. With the exception of those teams, a sincere effort has been made to list all teams carrying a 950 or better average.

Next year it is hoped to make this day-by-day account of the tournament more complete; in the meantime this will furnish a fairly comprehensive report of who will be bowling when in Milwaukee.

SCHWABEN-HOF
MILWAUKEE'S
German Restaurant Cafe
Recommended by Duncan Hines
Many years ago Duncan Hines, the country's best-known and exacting gourmet, found that Schwaben-Hof met all the rigid qualifications necessary for his approval. He is frequently our guest.
Twice honored by LIFE MAGAZINE
In 1939, when they said: "Folk music as played in Milwaukee's Schwaben-Hof is even better known than the great German Symphonic works." Again in 1944, the Schwaben-Hof was chosen one of the eight outstanding eating places in the country. LIFE reproduced our menu and said, "where the foods served are still the things you like most to eat."
Approved by the American Automobile Ass'n.
This very exacting agency, known as the "Triple A," has put its full and unqualified approval on the Schwaben-Hof as meeting all of their standards of quality and cleanliness.
Praised by the LADIES HOME JOURNAL
This leading National magezine chose the Schwaben-Hof as the outstanding German restaurant in U. S. and illustrated a feature story, "A Day With The Hilles," a typical national group.
Featured in the Magazine of Good Living
This magazine is well known among connoisseurs of fine foods. It is the epicure's guide to good eating in U. S. and Canada. The Schwaben-Hof is prominently featured in this authoritative guide for epicures.

Jack Durand Does Big Engraving Job During ABC Meet

When you visit the ABC tournament and see the concession where all the jewelry is on display as well as on sale, you will undoubtedly be fascinated by the humming of the engravers drill.

Behind that drill will be Jack Durand, of Chicago, who is one of the best engravers in the country and the man who has been doing that job at the ABC tournaments for the past ten years.

Durand says he has written some pretty touching messages on some of the souvenir items he has sold to the ABC visitors.

One of his greatest pleasures is engraving the "On-Site" award medals which are presented to bowlers by the ABC for certain achievements. He gets a "big kick" out of these boys displaying his work which tells the story of their accomplishment.

Bill White Dies Unexpectedly in Chicago

Chicago, Ill.—Bill White, 25, one of Chicago's most promising young bowlers, died of a heart attack here on February 20. White had rolled a 670 series in the Austin Major League and had just climbed into his car to go home when the attack came.

The young bowler had gained recognition recently by winning the Chicago Masters tournament last fall and the recent Pat Harkins individual classic in Bloomington, Ill.

Ray Schafran Popular Sewing Machine Man At ABC 10 Years

Thousands of ABC bowlers and tournament fans have watched Ray Schafran write on cloth with his sewing machine at the past ten ABC tournaments.

Schafran, whose home is in Syracuse, N.Y., operates the concession where many tournament souvenirs are sold including ABC pennants, scarfs, T-shirts, hats and many other items. He writes names on these products as requested by his customers and he says, "It's interesting to see the same bowlers who come to the tournament year after year, come to my stand and make purchases and have them inscribed for souvenirs. I've made a lot of friends among these bowlers."

Two years ago, at Columbus, Ohio, Schafran made a friend of Walt Ditzen, the cartoonist creator of the sports page "Fan Fare" by sewing a three-foot square drawing of Ditzen's famous cartoon character, Gutter Gus.

Stroh's Finally Beat E. & B. For State Title

Detroit, Mich.—The Stroh's Beer team is the new Michigan State Match Game championship team. The title came their way after seven years and three defeats for the Strohs in state match game play.

The Stroh's, captained by Buzz Fazio, defeated the title defending Lou Sielaff's E & B Beer by 635 pins in a six-city match. They averaged 1013 for the 18 games.

E & B, the national match game champs, recently defeated the Stroh team in a challenge bid for the national crown.

UNUSUAL LEAGUES

Indianapolis, Indiana — The Federal Morning league, composed of postal employees, has a wonderful league whose members enjoy each other and bowling. They're particularly proud of steady Walter Johnson whose average has hovered between 158 and 160 all season and who has not rolled a 500 series.

The league has eight teams and only six games separate them in the standings.

Recently Robert Spencer saw the 3-10 stand after he had rolled his first ball. Suddenly a pin jumped out of the pit, knocked down the 10 pin but hold everything, fellows, the former pin remained standing on the 10-pin spot so he still had a 3-10 to shoot at.

•

Mt. Vernon, N.Y.—The First Baptist Men's Bowling Club here is proud of its record of having only two treasurers in the 30 year existence of the league. Of course the job is not too difficult in this circuit since there is no prize fund and no cash awards are given. The only prizes are medals or charms for team winners and trophies plus medals for individual winners.

•

Springfield, Illinois—This city's most unusual league is the Sangamon County Farm Bureau wheel. All of the members are farmers and they enjoy their bowling same as their city cousins.

All of them are ABC members except Mrs. Mary Spratt who is also secretary of the league. Thus far this season she has never been low in scoring.

•

Louisville, Kentucky — The *Courier-Journal* and *Louisville Times* bowling leagues have their own newspaper and cartoonist. The latter have some pointed jokes and some of these days BOWLING Magazine might borrow one or two. What say?

•

New York, New York—The William Iselin & Co. team of the 48-year-old Silk league, is one of the few charter members of this historic outfit.

Last year they won their first tilt and this year the lads are determined that they will not wait 48 years again to win another one so they are holding a seven-game lead.

•

Hempstead, New York—Joe Schlichig rolled his big hook through the 3-10 split for a sunshine shot on Jan. 2 to the amazement of all beholders.

Ames Team Runs Into 69 Splits in 3 Games

Ames, Iowa—The Sportsman's team of the City league broke a national record when it ran into 69 splits in its three games on Dec. 13. The splits came this way: 27, 22 and 20. Moose No. 1, their opponents, ran into 40. Both teams have a normal average of 840 but something was wrong that night.

Franke Specialties Team Is 311 Years Old

Manitowoc, Wisconsin—The Franke Specialties team, entered in the 49th American Bowling Congress tournament at Milwaukee on Apr. 10, has a combined age of 311 years. Stan Pierce is 71; Art Franke is 69, six years older than Chas. Fuller. The youngsters are Russ Wedel, 50, and G. H. Franke, 58.

Detroit Stages 13th Captain-Sponsor Party

Detroit, Michigan—The 12th annual Detroit Free Press' Captains-Sponsor tournament and banquet was staged Jan. 26 and drew over 1300 bowlers to the Detroit Recreation for the competition and to the Masonic Club for the banquet.

Defeat Bar Bill

Sacramento, California—The State Board of Equalization voted 3 to 1 to kill a proposed rule outlawing the drinking of liquor and beer in the actual bowling areas of bowling alleys.

Board member George Reilly of San Francisco said it would be "unfair to select bowling alleys and restrict them when they are no more trouble than boxing and wrestling arenas."

Breaks Record with 88 in "Markless" Game

Denver, Colorado—Carl Boyce, a 150 average bowler of the South Denver Fellowship league is believed to have broken an all-time American Bowling Congress record here Jan. 14 when he rolled a game of 88 without a "mark." Highest possible score for a "markless" game is 90.

Opera Singer Barr Hits 255 Game In TV Program

New York, N.Y.—Stewart Barr, grand opera singer, broke an all time record on the Television Show, WOR-TV, on Jan. 6 when he rolled a 255 game. The program emanates from Bowlmor Bowling Center. Barr's league average is 180. The game was scored on alleys 31 and 32.

Hyde Park Sets 13th Annual Sweeper For April 5 to June 1

Chicago, Ill.—A $2,000 top prize is listed for the 13th annual Hyde Park Bowl Individual Handicap Sweeper slated to run April 5 to June 1. Since the meet will run on Saturday and Sunday's only, it is expected that many of the participants in the ABC meet being held in Milwaukee, will also take in the Hyde Park meet.

Entry fee is $8.25, with $5 going into the prize fund, $1.60 bowling fee and $1.65 expenses. Address of the Hyde Park Bowl is 5124 S. Lake Park Ave., Chicago.

Idaho Bowler Rolls Four Straight 486's

Sandpoint, Idaho—Carl Nelson, member of the Merchant's bowling league, rolled four consecutive 486 league series between Oct. 11 and Nov. 1. He was unaware of his feat due to the fact that he bowls in several leagues and never keeps a record of his totals.

Eighth North Canton Sweeper Starts March 29

North Canton, Ohio—The eighth annual North Canton singles classic will open at the North Canton Recreation on March 29 and will continue on successive week ends until May 11. It's a $15 entry fee scratch event. Write H. L. Scharver, North Canton Rec., for information.

E. St. Louis Handicap League Is 36 Years Old

East St. Louis, Illinois—The East St. Louis Handicap League is enjoying its 36th consecutive season and during this entire period has had the same man as secretary, a young fellow (so they say) Walter D. Russell.

Stories about PROPRIETORS

San Francisco—Laurie Anderson, boss of the Loop Alleys here, doubles champion of the SFBA, will defend his title. He recently lost the first joint of his little finger while setting pins. But the digit is mending rapidly.

•

Racine, Wis.—"Herb" Seeger, proprietor of the Golf Bowl which is located on highway 41 about 15 miles south of Milwaukee, claims that you have to be a good pin setter in order to be a good bowling boss. There is seldom a week goes by in which he sets less than 200 games.

Seeger was a caddy at the Kilbourne Country club over 20 years ago. He now operates this same golf course and installed the bowling alleys there three years ago.

•

Allentown, Pennsylvania—Charlie Soffera has been named manager of the new 24-alley Boulevard Bowling Center which was opened here in November.

•

Hempstead, New York—Hank Andorka, proprietor of the Nassau Terminal alleys here, recently rolled a 289 game in the American Legion league. He is better known for his famous Andorka sweepstakes which he conducted for eight years at Lorain, Ohio, before moving here to take over the Terminal.

•

New York, N.Y.—Al Geretsky, former assistant manager at Fresh Meadows, Queens, is now stationed somewhere aboard the destroyer MacKenzie. Last reports had the ship in the vicinity of Korea.

•

Toledo, Ohio—Every Thursday afternoon proprietor John Syroka serves as baby sitter for youngsters between the ages of six months and five years while their mothers are bowling. John's only comment: "I never dreamed this would happen when I got into the bowling business."

•

Crescent Alleys Burn

Rome, New York—The 17th annual Rome city tournament, lost its host alleys recently when the Crescent alleys were completely destroyed by a fire.

SWEEPSTAKES RULES

- Open to male bowlers with A.B.C. sanctioned league average.
- This year's highest average as of March 1st.
- If no average this year use last year's highest official average.
- If your highest average for the '48-'49—'49-'50 or '50-'51 season was 160 or over, you cannot bowl in the 155 and under sweepstakes.
- If your highest average for the '48-'49—'49-'50 or '50-'51 season was 175 or over, you cannot bowl in the 170 and under sweepstakes.
- If your highest average for the '48-'49—'49-'50 or '50-'51 season was 190 or over, you cannot bowl in the 185 and under sweepstakes.
- Any bowler misrepresenting his name or average forfeits entry fee and all rights to prize money, and also will be barred from this sweepstakes forever.
- The Management reserves the right to reject entry or average.
- To establish an average for this sweepstakes, you must have bowled 30 games in a sanctioned league.
- Bowl as often as you like, collect once in the regular prize list.
- Collect as many special prizes as you win except that you may collect only one Special Prize each week (10:00 A.M., 11:15 A.M., 12:30 P.M. Squad Prize excepted).
- If no sanctioned league average this year, last year's highest average will be used.
- All out of town prize winners must have their average certified by league secretaries before prize money will be paid.
- Entry fee must be paid 15 days prior to date reserved, or reservations will be cancelled.
- In fairness to all bowlers, there will be no exceptions to this rule.
- Bowlers must appear 15 minutes before time scheduled to bowl.
- Prize fees will be returned 100% in prizes.

The ABC Oddity and Record Book

And 1st Annual Who's Who in Bowling

Under 57 Years of ABC Bowling Shows Greatest Growth

This is the story of Bowling.

It started 7,700 years ago when an inventive Egyptian devised the first nine-pin game.

From Africa the game traveled to Asia and thence to Europe. It reached North America in 1630 when the Dutch settled New Amsterdam.

It remained nine-pins until a hundred years years ago when it was legislated out of existence. An unknown genius added the tenth pin and a century later tenpins became our National Game.

Tenpins grew by leaps and bounds after the Civil War. There was no regulation. Beds, pins and rules were all different under the "house rule" customs of the day. There were no neutral alleys. No championship could be staged if fair play was to enter into consideration.

In 1895 the bowlers of New York City, then the center of bowling, ended the confusion.

They organized the American Bowling Congress on Sept. 9. They legislated into existence uniform specifications for all equipment and codified a set of playing rules. In 57 years ABC grew from 100 to 325,147 teams.

Through ABC the bowlers pass rules to govern themselves. They hire men to work for ABC to interpret and enforce these self-imposed rules. They elect Directors to manage the American Bowling Congress.

Here is a table of the officers and Directors of ABC who express the will of nearly two million bowlers:

Name and city	Office	Committee	Became Director	Became V-P in	Elected Pres.	Additional Facts

Who's Who in Bowling

BOWLING Magazine is proud to present its first edition of Who's Who in Bowling. It contains facts about 119 bowlers.

These men were selected because of their records or reputations. Their prowess under neutral and tournament conditions in the following competitions served as requirements:

1. **The American Bowling Congress tournaments.**
2. **All Star, BPAA doubles and team competitions.**
3. **Sweepstakes with reputation for neutral conditions.**
4. **Recognition of all event titles only in State, and district tournaments. City tournament titles have been ignored. (Home alley records are not recognized for obvious reasons.)**

The editors expect that next year's edition of Who's Who in Bowling will add many additional men.

The entire compilation took several years of collecting records of individuals and tournaments. The finished product represents all that the editors knew about these men.

There are at least 100 others who deserve listing but the editors did not have enough facts about them.

Bowling officials, sports writers and bowlers are urged to send in facts about all candidates for Who's Who.

Bowlers attending the 49th American Bowling Congress tournament are also invited to consult the editors in person about their records.

It might be pointed out here that there is no special significance attached to the bowlers whose pictures appear. Where pictures were available in the BOWLING Magazine file they were used.

ALLEN, Harold Joseph, Detroit, born there Jan. 6, 1897. Proprietor of Palace Recreation. President of the Bowling Proprietor's Association of America, 1950-51.

Fliger Fazio Flesch

GENGLER, John (Count), New Orleans, Louisiana. Born in Germany where he learned to bowl the various town games prevalent at the turn of the century. Appeared on U.S. alleys around 1915 where he followed the "army game" routine.

He rolled a "heavy" ball without any run. He was strictly a money bowler, had a good hook, was accurate and was game. In addition he never went into a match without knowing the beds to a "T." His motto was: "A match well made is half won."

Lost only one big, formal match and that to Jimmy Smith in Cleveland in 1928.

In later years owned a stable of horses.

There are thousands of Count Gengler legends—and most of them are true.

HOWARD, George B. (Judge), Chicago, Ill., born in St. Charles, Illinois, July 29, 1865; died at Minneapolis, Minnesota, Sept. 10, 1935.

"Judge" Howard, so-called because he was the official timer and judge of bicycle races at the turn of the century, was a most beloved member of a triumvirate of men who molded the policies of ABC for nearly a quarter a century:

1. A. L. Langtry, Milwaukee, 2nd Secretary, ABC.
2. E. H. Baumgarten, Chicago, 3rd Secretary, ABC.
3. Judge Howard, Chicago, president, ABC.

He was the 10th president of ABC from 1912 to 1914.

A successful business man of considerable wealth, he devoted his life to the problems of ABC from 1910 until his death. He possessed great vision, diplomatic skill, sense of humor and enjoyed fun.

He could not bowl well. Many of the early tournament record books show his name at the bottom of the all events standings with scores in the 1200's.

JACKSON, Lowell, East St. Louis, Illinois. Possessor of a powerful rolling hook. He is totally blind in one eye and has partial vision in other. Twice rolled Ned Day for National Match Game championship and lost.

LANGTRY, Abraham Lincoln, Milwaukee, Wisconsin, born there Aug. 1, 1873; died July 30, 1941.

Langtry was elected secretary of the American Bowling Congress in 1907; he resigned in September 1932 because of bad health.

He was known for his honesty and his willingness to fight, rough and tumble, for what he considered was best for the Congress.

He was a product of his times which needed an uncompromising battler. Many of the important upward changes in bowling during his tenure of office came as a result of his vision and fight.

LAUSCHE, Charles J., Cleveland, Ohio, born there May 23, 1903. Partner in Green, Lausche & Wilmot, law firm. Brother of Ohio Governor Lausche, who enjoys telling stories about how he used to "trim" brother Charley.

MARINO, Enrico "Hank," Milwaukee, born in Sicily, Nov. 29, 1885. He came to Chicago with his parents when he was 11. He became a star in Chicago. Moved to Milwaukee in 1930 where he operates bowling establishment.

Only bowler of prominence to spin ball while it is hanging to his thumb. Starts off putting thumb in thumb hole. As he bowls his thumb shrinks in size and he then switches, inserting thumb in the finger hole.

Marino was great at all types of bowling due to his powers of concentration, observation and ability to solve those mysterious factors in bowling known as "conditions."

Elected ABC Bowling Hall of Fame 1941.

SMITH, Jimmy (Melillo), Brooklyn, died on April 21, 1946. He was the game's greatest exhibition star and bowler for the first 25 years of the present century.

He embarked on a strenuous exhibition tour in 1910 lasting until 1915. He resumed this trip late in 1916 and continued until 1924.

His lifetime average, according to historians, was 205 and these games were always made on the toughest alley beds "in the house."

He was strictly a corner shooter. He never attempted to gain a reputation as a match bowler although he did conquer the master of them all, Count Gengler, in 1928, forcing the German star to "resign."

ABC CHAMPIONSHIP

Official All-Time Tournament Records

Following is a list of the All-Time records made in all of the American Bowling Congress Championships beginning with 1901 at Chicago and extending through 1951 at St. Paul. The records were made on new alleys expressly laid for the Annual Championships.

(Note: No ABC Championships were held in 1943, 1944 and 1945 because of World War II.)

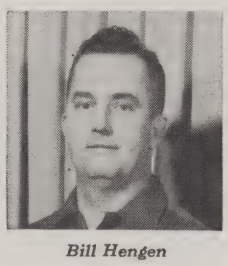
Bowling Writers

The Bowling Writers of America were organized in 1934 for the purpose of doing everything possible to benefit the cause of bowling, an objective which has been accomplished. Bill Hengen, sports writer of the Minneapolis Tribune is the president of BWA. His work for bowling has been outstanding, both as a bowler, a writer and as an editor.



Bill Hengen

In 1943 Tom Bolger, bowling editor of the Toledo Times, proposed that the BWA conduct a "Bowler-Of-The-Year" election.

Here are the winners of that annual election:

1943—Ned Day, West Allis, Wisconsin.
1944—Ned Day, West Allis, Wisconsin.
1945—Buddy Bomar, Chicago, Illinois.
1946—Joe Wilman, Berwyn, Illinois.
1947—Buddy Bomar, Chicago, Illinois

National Bowling Council

The National Bowling Council, created in a meeting in Chicago, Oct. 27, 1943, was organized to bring the various bowling groups into regular discussion and planning meetings. The American Bowling Congress and the Women's International Bowling Congress, tenpin groups, the Bowling Proprietor's Association of America and two manufacturers groups are members of NBC. Every four months the directors and representatives of NBC meet for purposes of discussion and taking mutual action.

John J. Canelli

Mr. John J. Canelli, Toledo, O., president of ABC, is also president of the National Bowling Council.

The Council is proud of its new $18,000 bowling film, "America Bowls," as well as its booklet "Bowling Alley Maintenance Standards."

Women's International Bowling Congress

The Women's International Bowling Congress was organized 37 years ago in a meeting held in St. Louis, Missouri. Today there are over 450,000 members of this organization making it the largest women's sport body in the world. WIBC began running an annual tournament in 1916 and needless to say this is the largest feminine sport event. The members of the WIBC took considerable interest in the Bowlers Victory Legion campaigns during World War II. In the post war days the women of WIBC have set a terrific pace in BVL's drive to provide cards, magazine subscriptions and books to the veterans in the nation's hospitals.

Jeanette Knepprath

Mrs. Jeannette Knepprath, Milwaukee, is the president of WIBC and Mrs. Emma Phaler of Columbus, Ohio, is the secretary.

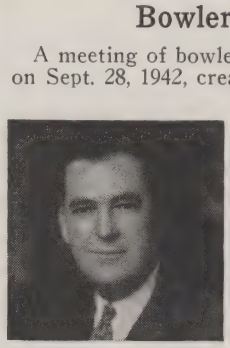
Bowlers Victory Legion

A meeting of bowlers in the ABC offices at Milwaukee on Sept. 28, 1942, created the Bowlers Victory Legion to raise funds for the USO and Red Cross. The members and staffs of Women's International Bowling Congress and ABC carried the brunt of the work. The BVL idea appealed to high governmental officials and in 1943 BVL began all-out drives for funds to purchase needed gifts for the members of the armed forces. During the War BVL and the bowlers purchased and distributed 400,000 decks of playing cards, 20,000 fishing kits, 100,000 pocket-sized books, magazine subscriptions, radios and hundreds of pieces of athletic equipment.



Arville Ebersole

BVL was raising $100,000 annually during World War II. It continued to function during the post-war days and supplied many things for veterans in hospitals.

Arville Ebersole, 1420 New York Ave., NW., Washington 5, D.C., was appointed secretary of BVL in 1944. He announced on March 1 that BVL contributions were $5,000 ahead of last year, $30,000 having been received on the date mentioned above.

Mr. Ebersole suggests that every bowling league in the nation consider the creation of a BVL budget for the 1952-53 season.

Bowling Proprietors Association

The Bowling Proprietor's Association of America was organized during the summer of 1942 for the purpose of developing the machinery whereby the proprietors of the nation could exchange promotional ideas and business information. It has grown steadily and has developed several promotions such as the All-Star tournament, the National team match game championships and the National two-man match game tournament. It took over the National Individual Match game championship in 1933, merging it with the All-Star tournament in 1942.

Roy Snyder

Roy Snyder, Cincinnati, is president of BPAA, having been elected in the annual convention held at Mackinac, Michigan, 1951.

The team, doubles and individual match game champions of bowling are the result of a program established and operated by the Bowling Proprietors Association of America.

The Individual Match Game champion is the winner of the All-Star tournament staged each year—usually in December—in Chicago. To win this title a bowler must defeat a field of 16 finalists who have emerged from a field of the leading bowlers from all sections of the United States. The finals are bowled in a series of four game man-to-man matches using the Petersen scoring system.

The match game championship team defends its title each year against two challengers who have won the right to bowl the champions by finishing first and second in annual team elimination tournaments. This system will be changed next year (1953) and the championship team will have to bowl in the elimination tournament. When this system is adopted the winner will be the champion and will have to bowl the second place team later in the year in a home-and-home match in defense of the crown.

The doubles match game championship is decided on the same basis as the team and will be revised in 1953 the same as the team plan.

The current doubles champions are Tony Lindemann and Buzz Fazio, members of the Detroit Stroh's Beer team. The National Doubles eliminations tournament is scheduled for the Amherst Bowling Center in Buffalo, N.Y., on March 29 and 30.

The tables on this page give some of the interesting information about the match game championships.

Among the 5 leading brands of bowling balls only one–ACE–brings you these exclusive advantages:

"Surface-sealed"—Every ACE Hard Rubber Bowling Ball has an impenetrable scratch- chip- and wear-resistant surface, polished mirror bright. That means long, long life and a surface which does not pick up a lot of dust and dirt.

Size- and balance-tested—Ingenious testing machines stand guard over ACE quality. They turn out perfect balls that roll true and fast . . . lively-action balls specially engineered for custom-drilling to your own measurements.

Alley-gripping construction—Only the finest materials go into every ACE Ball, triumph of over 100 years' experience in hard rubber manufacture and meeting all ABC specifications. Now—12 to 16 lb. standard weights.

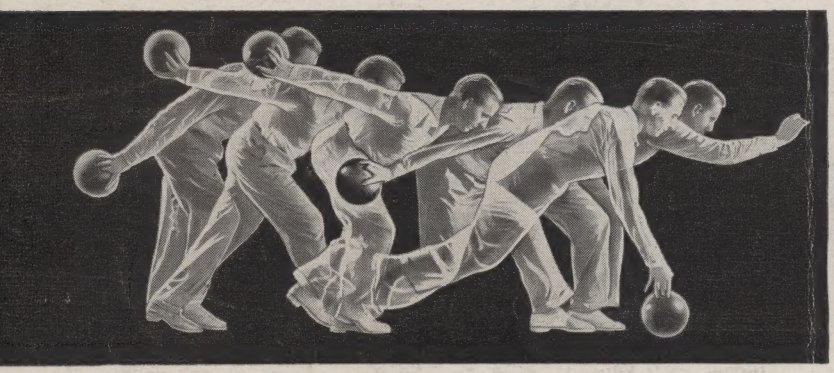
Bowlers: If you want to make more strikes and spares (and who doesn't!) ask about ACE Balls at your favorite alleys—or send coupon below for the name and address of the supplier nearest you; (when writing, please tell us the alleys where you usually bowl and we'll send you a supply of personal bowling score cards).

Alley Proprietors: ACE is the hottest news in bowling today. Send coupon below for address of your nearest distributor.

Distributors: There's an ACE in your future, too. A few select territories are still available. Coupon below will bring you complete information, including details of our big advertising program.

If You Could Read Our Mail:

Letters are pouring in from all over the country praising the great performance of the ACE Ball . . . how it outperforms, out-shines and outscores 'em all. The demand has been so overwhelming that in some parts of the country ACE Balls are still in short supply or unavailable. Every effort, consistent with our top-quality standards, is being made to remedy this situation.



Successive steps in correct delivery are clearly defined in this sensational Stroboscopic photo-mural, posed by an expert. Look for this ACE display in alleys that handle ACE Balls.
